The President

ESTABLISHING THE HAWAIIAN MARITIME CONTROL AREA AND PRESCRIBING REGULATIONS FOR THE CONTROL THEREOF

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA

A PROCLAMATION

WHEREAS the United States is now at war, and the establishment of the maritime control area hereinafter described is necessary in the interests of national defense:

NOW, THEREFORE, I, FRANKLIN D. ROOSEVELT, President of the United States of America, by virtue of the authority vested in me as President of the United States, and as Commander-in-Chief of the Army and Navy of the United States, and in accordance with the principle of self-defense of the Law of Nations, do hereby proclaim and establish the following-described area as the Hawaiian Maritime Control Area, and prescribe the following regulations for the control thereof:

HAWAIIAN MARITIME CONTROL AREA

All waters contained within the area delimited by lines connecting successively the following points:

Latitude 22°30' N.	Longitude 158° W.
Latitude 21° N.	Longitude 155°30' W.
Latitude 20°30' N.	Longitude 155°30' W.
Latitude 20° N.	Longitude 156°30' W.
Latitude 21° N.	Longitude 159° W.
Latitude 22° N.	Longitude 159° W.
Latitude 22°30' N.	Longitude 158° W.

Regulations for the Control of Hawaiian Maritime Control Area

1. A vessel not proceeding under United States naval or other United States authorized supervision shall not enter or navigate the waters of the Hawaiian Maritime Control Area except during daylight, when good visibility conditions prevail, and then only after specific permission has been obtained. Advance arrangements for entry into or navigation through or within the said Area must be made, preferably by application at a United States Naval District Headquarters in advance of sailing, or by radio or visual communication on approaching the seaward limits of the area. If radio telegraphy is used, the call "NQO" shall be made on a frequency of 500 kcs, and permission to enter the port requested. The name of the vessel, purpose of entry, and name of master must be given in the request. If visual communications are used, the procedure shall be essentially the same.

2. Even though permission has been obtained, it is incumbent upon a vessel entering the said Area to obey any further instructions received from the United States Navy, or other United States authority.

3. A vessel may expect supervision of its movements within the said Area, either through surface craft or aircraft. Such controlling surface craft and aircraft shall be identified by a prominent display of the Union Jack.

4. These regulations may be supplemented by regulations of the local United States naval authority as necessary to meet local circumstances and conditions.

5. Should any vessel or person within the said Area disregard these regulations, or regulations issued pursuant hereto, or fail to obey an order of the United States naval authority, or perform any act threatening the efficiency of mine or other defenses, or take any action therein inimical to the defense of the United States, such vessel or person may be subjected to the force necessary to require compliance, and may be liable to detention or arrest, or penalties or forfeiture, in accordance with law, the law applicable to violations committed on the high seas being international law.

The Secretary of the Navy is charged with the enforcement of these regulations.

EXECUTIVE ORDER

AMENDING SCHEDULES A AND B OF THE CIVIL SERVICE RULES

By virtue of and pursuant to the authority vested in me by the Constitution, by Section 1753 of the Revised Statutes (5 U.S.C. 631), by the Civil Service Act of January 16, 1883 (22 Stat. 403), and as President of the United States, Schedules A and B of the Civil Service Rules are hereby amended to read as follows:

SCHEDULE A—POSITIONS EXCEPTED FROM EXAMINATION UNDER SECTION 3, CIVIL SERVICE RULE II

I. ENTIRE EXECUTIVE CIVIL SERVICE

1. Chaplains.

2. Cooks, when in the opinion of the Commission it is not expedient to make appointment upon competitive examination; but this paragraph shall not apply to positions of cook at fixed locations, such as hospitals, quarantine stations, or penal institutions.

3. Positions to which appointments are made by the President without confirmation by the Senate.

4. Special attorneys employed on a temporary basis for specific litigation or other legal work where knowledge of local values or conditions or other specialized qualifications not possessed by the attorneys regularly employed by the department are required for successful results. Such temporary employment shall be only for such time as is required to complete the specific assignment for which the original appointment was approved.

5. Chinese, Japanese, and Hindu interpreters.

6. Any person receiving from one department or establishment of the Government for his personal salary compensation aggregating not more than $540 per annum whose duties require only a portion of his time, or whose services are needed for very brief periods at intervals, provided that employment under this provision shall not be for job work such as contemplated in section 4 of rule VIII. Appointments under this paragraph for duty in Washington, D. C. may be made only with the express prior approval of the Commission when in the opinion of the Commission the use of existing registers or the establishment of new registers is impracticable. The name of the employee, designation, duties, rate of pay, and place of employment shall be shown in the periodical reports of changes; and in addition, when payment is not at a per annum rate, the total service rendered and the distribution of such service during the year shall be shown in the report of changes at the end of each year or when the employee is separated from the service. The additional employment under similar conditions of such a person by another department or establishment of the Government will be subject to the approval of the Commission.

7. Any person employed in a foreign country or in the Virgin Islands, or in Puerto Rico when public exigency warrants, or in any island possession of the United States in the Pacific ocean (except the Hawaiian Islands), or in the Philippine Islands, when in the opinion of the Commission it is not practicable to treat the position as in the competitive classified service; but this paragraph shall not apply to any person employed in Canada or Mexico in the service of the Immigration and Naturalization Service, Department of Justice, or to any person employed in any foreign country, or in the Virgin Islands, by the Bureau of Customs of the Treasury Department.

8. Officers and employees in the Federal service on the Isthmus of Panama, except accountant, bookkeeper, clerk, draftsman, physician, play-ground director, statistician, stenographer, surgeon, trained nurse, typist, and harbor personnel in the Quartermaster Corps of the War Department. Appointments to clerical positions on the Isthmus of Panama paying $100 in United States currency per month or less may be made without examination.

9. Positions in Alaska when, in the opinion of the Commission, the use of existing registers or the establishment of new registers is considered impracticable. Former employees who served in positions excepted under this paragraph may be reinstated to positions in Alaska in the department in which they served upon recommendation of the appointing officer and approval of the Civil Service Commission.

10. Temporary, part-time, or intermittent employments of mechanics, skilled laborers, and tradesmen on construction or repair work in the field services, in places where there is no local board of examiners of the Civil Service Commission for the employing establishment, and where the Commission deems it impracticable to establish registers of eligibles. Seasonal employments of a recurring nature are not authorized under this paragraph.

11. Any position directly concerned with the protection of the life and safety of the President and the members of his family.

12. Any person appointed without compensation or at a compensation of $1.00 per annum, provided such employments meet the requirements of applicable laws relating to compensation.

13. Professional, scientific and technical experts for temporary, part-time or intermittent employment for consultation purposes.

14. Unskilled laborers at any city, locality or establishment where the Labor Regulations were not in effect on July 1, 1941. The Commission, with the concurrence of the department or agency concerned, may include within the classified civil service unskilled laborer positions at any such city, locality or establishment.

II. STATE DEPARTMENT

1. Five special assistants to the Secretary of State.

2. All employees of international commissions, congresses, conferences, and boards, except the International Joint Commission; the International Boundary Commission, United States and Mexico; and the International Boundary Commission, United States, Alaska, and Canada.

3. Chief and two assistant chiefs of the foreign service buildings office.

4. Two private secretaries or confidential assistants to the Secretary of State, and one to each Assistant Secretary of State.

5. One private secretary or confidential assistant to the head of each bureau in the State Department appointed by the President.

6. One chauffeur for the Secretary of State.

7. Gage readers employed part-time or intermittently by the International Boundary Commission, United States and Mexico, at such isolated localities that in the opinion of the Commission the establishment of registers is impracticable.

III. TREASURY DEPARTMENT

1. Two private secretaries or confidential assistants to the Secretary of the Treasury, and one to each Assistant Secretary of the Treasury.

2. Special employees in the field service of the Bureau of Narcotics; and special employees for temporary detective work in the field service of the Bureau of Internal Revenue under the appropriation for detecting and bringing to trial and punishment persons violating the internal revenue laws. Appointments under this paragraph shall be limited to persons whose services are required because of individual knowledge of violations of the law, and such appointments shall be continued only so long as the personal knowledge possessed by the appointee of such violation makes his services necessary. This exemption from competition is for special and unusual cases only and report shall be made to the Commission by letter as soon as the appointment is made.

3. Bureau of Customs: Positions in foreign countries designated as "interpreter-translator" and "special employee," when filled by appointment of persons who are not citizens of the United States; and positions in foreign countries of messenger and janitor.

4. Coast Guard: Lamplighters in the Lighthouse Service.

5. Five Assistants to the Secretary of the Treasury.

6. Receivers of insolvent national banks and other financial institutions which are filled by appointment by the Comptroller of the Currency and whose salaries are paid directly from the funds of insolvent institutions.

IV. WAR DEPARTMENT

1. Two private secretaries or confidential assistants to the Secretary of War and one to each Assistant Secretary of War.

2. One chauffeur for the Secretary of War.

3. United States Army Transport Service: Longshoremen employed at ports in the United States; and the following positions on transport ships: Seaman, water tender, oiler, fireman, wiper, roombath and deck steward, messman, messboy, dishwasher, janitor, porter, scullion, silver and glass man, watchman, headwaiter, waiter, bellboy, barber, laundryman, Post Exchange steward, administrative assistant-Post Exchange, soda dispenser; and all grades of the following: Cook, baker, butcher, pantryman.

4. Positions the duties of which are of a quasi-military nature and involve the security of secret or confidential matter, when in the opinion of the Commission they cannot be filled from registers of eligibles.

5. One consulting architect for work of reconstructing the United States Military Academy, West Point, N. Y.

6. In the Philippine Islands: Artisans engaged in a recognized trade, craft or

skilled (manual) occupation; helpers in such occupations; and other subordinate employees in similar manual occupations; when, in the opinion of the Commission, the establishment of registers is impracticable.

7. Caretakers of abandoned military reservations or of abandoned or unoccupied military posts when the positions are filled by retired noncommissioned officers or enlisted men.

8. Civilian professors, instructors, and teachers at the United States Military Academy, West Point, N. Y., except the following: Civilian instructor of wrestling, civilian instructor of boxing, civilian instructor of gymnastics, chapel organist and choirmaster, teacher at the children's school, and librarian.

9. Physicians and surgeons employed on a fee basis or under contract when, in the opinion of the Commission, the establishment of registers is impracticable.

10. Employees at Army hospitals in the Philippines and in Puerto Rico when, in the opinion of the Commission, the establishment of registers is impracticable.

11. Messenger boys employed on the Alaska Communications System.

12. Interns (medical and dental) in Army hospitals.

13. During the emergency declared by the President to exist on May 27, 1941, employees of the Army Motion Picture Service and positions of hostess and librarian under the Morale Branch of the Office of the Adjutant General assigned to Army posts.

14. During the emergency declared by the President to exist on May 27, 1941, all positions in the War Department on the Isthmus of Panama.

V. NAVY DEPARTMENT

1. Two private secretaries or confidential assistants to the Secretary of the Navy, and one to each Assistant Secretary of the Navy.

2. Professors, instructors, and teachers in the United States Naval Academy.

3. Positions the duties of which are of a quasi-naval character and involve the security of secret or confidential matter when, in the opinion of the Commission, they cannot be filled from registers of eligibles.

4. Positions of attendant and orderly at the United States Naval Home when filled by the appointment of beneficiaries of the Home.

5. At the naval stations at Cavite, Olongapo, and Guantanamo: Artisans engaged in a recognized craft, trade, or skilled (manual) occupation; helpers in such occupations; other subordinate employees in similar manual occupations; supervisory employees over workers in these occupations; when, in the opinion of the Commission, the establishment of registers is impracticable.

VI. DEPARTMENT OF JUSTICE

1. Director and three assistant directors of prisons.

2. Two private secretaries or confidential assistants to the Attorney General, and one to each of the following: Assistant to the Attorney General, Solicitor General, Assistant Solicitor General, and each Assistant Attorney General.

3. One chauffeur for the Attorney General.

4. Eight positions in the immediate office of the Attorney General in addition to those excepted under paragraph 2 of this subdivision.

5. Members of the board of parole.

6. All positions in the Federal Bureau of Investigation.

7. One private secretary to the Commissioner of Immigration and Naturalization.

8. Federal Prison Industries, Inc.: The Commissioner of Industries.

9. Three Deputy Commissioners of Immigration and Naturalization.

EXECUTIVE ORDER

PERMITTING CERTAIN POSITIONS TO BE FILLED BY PROMOTION, TRANSFER, OR ASSIGNMENT OF CERTAIN EMPLOYEES AND AUTHORIZING SUCH EMPLOYEES TO ACQUIRE A CLASSIFIED STATUS

By virtue of the authority vested in me by the Civil Service Act (22 Stat. 403) and by section 1753 of the Revised Statutes of the United States, it is hereby ordered as follows:

SECTION 1. The incumbent of any position (other than a temporary position) in the Government who on June 30, 1941, held a permanent, indefinite, or emergency appointment and whose compensation was paid from funds allotted to any agency of the Government (other than the Work Projects Administration) in accordance with the provisions of section 6 (a) of the Emergency Relief Appropriation Act, Fiscal Year 1942, for administrative expenses of such agencies incident to the operation, planning, or review of Work Projects Administration projects and who is still so employed on the date of this order, may be promoted, transferred, or assigned to any position in the Government which on or after July 1, 1941, is required to be filled in accordance with the Civil Service Rules.

SECTION 2. Any employee of the Government who is promoted, transferred, or assigned under section 1 of this order may acquire a competitive classified civil-service status in accordance with the applicable provisions of the act of November 26, 1940, 54 Stat. 1211, extending the classified civil service.

PART 222—APPEALS

[Chinese General Order No. C-2]

Changes in Form Numbers and Other Provisions of Title 8, Chapter I, Subchapter C, Code of Federal Regulations

DECEMBER 30, 1941

Pursuant to the authority contained in section 8 of the Act of September 13, 1888, as amended (25 Stat. 476, 32 Stat. 176, 33 Stat. 428; 8 U.S.C. 278); section 2 of the Act of April 29, 1902, as amended (32 Stat. 176, 33 Stat. 591; 8 U.S.C. 296); section 7 of the Act of February 14, 1903 (32 Stat. 828; 8 U.S.C. 261); section 3 of the Act of March 4, 1913 (37 Stat. 737; 5 U.S.C. 616); section 23 of the Act of February 5, 1917 (39 Stat. 892; 8 U.S.C. 102); section 24 of the Act of May 26, 1924 (43 Stat. 166; 8 U.S.C. 222); section 37 (a) of the Act of June 28, 1940 (54 Stat. 675; 8 U.S.C. 458); section 1 of Reorganization Plan No. V (5 F.R. 2223); section 90.1, Title 8, Chapter I, Code of Federal Regulations (5 F.R. 3503), and all other authority conferred by law, the following changes in Title 8, Chapter I, Subchapter C of the said regulations are hereby promulgated.

The references to form numbers which appear in the following sections of Subchapter C of the said regulations are changed in accordance with the following table. The changes in such form numbers, however, shall not preclude the use of the old forms until such time as present supplies of such forms are exhausted.

§ 205.3 *Ports of entry from Mexico: persons who may enter through.* (a) Chinese claiming United States citizenship, but who have not been preinvestigated by the Service and issued Form I-130, may apply for admission or readmission to the United States at the port of Calexico, California, and have their status determined at that port. United States citizens of the Chinese race who possess Form I-130, issued after investigation by the Service, and who desire to make visits to Mexico may reenter at any of the regular immigration ports of entry upon presentation of such documentary evidence of their status.

(b) Alien Chinese of the exempt classes (merchants, etc.), domiciled either in Mexico or the United States in towns immediately adjacent to the border, who need to make regular and frequent visits to Mexico or the United States, respectively, upon establishing exempt status and satisfying the officer in charge of the United States border port that they are dependable, may have the privilege of crossing and recrossing the border at the ports of El Paso, Eagle Pass, or Laredo, Texas; Nogales, Douglas, or Naco, Arizona; or Calexico or San Ysidro, California, for the purpose of transacting legitimate business, if they are properly documented. Chinese aliens permitted the crossing privilege under this subsection may remain in the United States only for such length of time as in the opinion of the inspector in charge is reasonably necessary to enable them to transact their business (in no event to exceed 30 days), their entry being in every sense temporary and conditional. Under this provision the exempt status must be established each six months. Chinese falling within the purview of this subsection, entering at Calexico, California, may be permitted to travel to El Centro, California, and those entering at San Ysidro, California, may be permitted to travel to San Diego, California, for the purpose and under the conditions hereinbefore stated.

Section 210.1 (a) is amended by changing the word "children" to "families".

Section 210.1 (b) is amended by deleting the last five sentences and substituting in lieu thereof the following:

The alien wives and unmarried children under 21 years of age of such Chinese merchants are not required to present certificates as prescribed in section 6 of the said Act of 1884 but must comply with the other applicable requirements of the immigration and other laws, regulations and Executive Orders prescribing documents required for the admission to the United States of aliens.

Section 210.1 (h) is amended by deleting the sentence "Such alien is not required to present any documents".

Section 210.1 (i) is amended by deleting the words "and is not required to present any documents".

Section 210.1 (j) is amended to read as follows:

§ 210.1 *What Chinese persons may be admitted.*

* * * * *

(j) *Alien seamen.* A bona fide alien seaman of the Chinese race is admissible and is not required to present any documents insofar as the Chinese exclusion laws are concerned to be granted shore leave. Such Chinese seamen, however, are required to comply with the same documentary and other requirements as are prescribed for alien seamen other than Chinese.

The citation of authority at the end of § 210.1 is amended by deleting "E.O. 7797, Jan. 26, 1938, 3 F.R. 216" and by substituting in lieu thereof "E.O. 8429, June 5, 1940, 5 F.R. 2145".

Section 222.4 is amended by deleting "When necessary to telegraph, the code word "Renvoy" shall be used. It means: "For the purpose of receiving new material evidence, recommend reopening case of _____".

Section 235.3 is amended by deleting "(R. S. 1993, sec. 1, 48 Stat. 797; 8 U.S.C. 6)" appearing at the end thereof.

Section 235.4 is canceled.

Section 237.4 is canceled.

Section 240.6 is amended by changing the words "District Commissioner" to "District Director" and by changing "Newport, Vt." to "St. Albans, Vt."

Section 240.11 is amended by changing the references to district commissioners contained therein to District Directors.

Section 245.4 is amended by changing the reference contained therein to "district commissioner" to "District Director".

Section 245.10 is amended by changing the reference made therein to "district commissioners" to "District Directors".

Section 250.5 is amended by deleting the sentence "Re-entry permits issued to aliens who are to call for them in New York City and San Francisco, Calif., will be delivered to the inspector in charge, United States Barge Office, New York City and the immigration city office at San Francisco, instead of at Ellis Island and Angel Island respectively".

Section 257.1 is amended by deleting "Key West, Fla." and substituting "Miami, Fla."

Section 275.4 is canceled.

Section 280.1 is amended by deleting "shown in §§ 28.1, 28.2".

FRANCIS BIDDLE,
Attorney General.

Approval recommended:

LEMUEL B. SCHOFIELD,
Special Assistant to the Attorney General.

§ 79.4 *Fitting of uniforms.* The correct fitting of uniforms is so necessary to the military appearance of a command that it is made the distinct duty of all commanding officers of every grade personally to see that each member of his command is properly fitted with a smart uniform. The company or detachment commander will be held responsible by all inspectors that his men have properly fitting uniforms.* [Par. 4]

VARIOUS ARTICLES OF CLOTHING

§ 79.5 *Application of regulations contained in §§ 79.6 to 79.21.* Except as otherwise specifically prescribed, the regulations contained in §§ 79.6 to 79.21 apply to, and only to, articles for officers, Army nurses when applicable, warrant officers, and contract surgeons. All articles of uniform for wear by the General of the Armies, the Chief of Staff, and former Chiefs of Staff are such as each may prescribe for himself.* [Par. 5]

§ 79.6 *Belt, waist.* A 1¼-inch olive-drab web belt equipped with tongueless strap buckle.* [Par. 6]

§ 79.7 *Breeches, service*—(a) *Material of adopted standard.* (1) to match the service coat (§ 79.2 (a) (1) (i) and (2)).

(2) Lighter color than service coat (§ 79.2 (a) (1) (ii)).

(b) *In general.* To be cut snug at the waist, top about 2 inches above the hip bone, full in the seat and loose in the thigh, with sufficient length from waist to knee to permit wearer to assume a squatting position without binding at the seat or knee, breeches to present an appearance of fullness when standing; cut tight for about 3 inches immediately below the knee and easy for the balance of the length so as not to bind the muscles of the calf. To have a strapping of the same material or buckskin of similar color on the inside of the leg at the knee, extending to a little below the top of boot and from 6 to 8 inches above the knee.* [Par. 7]

§ 79.8 *Buttons*—(a) *Coat*—(1) *Except for officers of the Corps of Engineers.* Of gold or gold color metal, of suitable composition and weight, circular and slightly convex, with raised rim, coat of arms of the United States in clear relief against a horizontally lined background. To be 36 ligne (9/10 inch) for large, 25 ligne (⅝ inch) for small.

(2) *For officers of the Corps of Engineers.* Of gold or gold color metal, of suitable composition and weight, circular and slightly convex, with raised rim and lined background, having for the device a flying eagle holding in its beak a ribbon scroll bearing the word "Essayons," in the distance a bastion with embrasures surrounded by water, and on the horizon a rising sun. Same size as prescribed in subparagraph (a) (1) of this section.

(b) *Overcoat.* Of vegetable ivory or horn, conforming in color to the material of the coat. Two sizes—45 ligne (1⅛ inches) for large, 25 ligne (⅝ inch), for small.

(c) *Cap, service.* Same as small size on coats in subparagraph (a) (1) of this section.

(d) *For enlisted men.* Same description as in subparagraph (a) (1) of this section. For coats 36 ligne (9/10 inch) and 25 ligne (⅝ inch); for caps 25 ligne (⅝ inch); for overcoats 45 ligne (1⅛ inches) of gold color metal.* [Par. 8]

§ 79.9 *Coat*—(a) *Service; for officers and warrant officers*—(1) *Material.* Of adopted standard (§ 79.2 (a) (1) (i)).

(2) *General description*—(i) *In general.* A single-breasted collar and lapel coat; lining, if desired, to be same color as coat. To fit easy over the chest and shoulders and to be fitted slightly at the waist to conform to the figure, so as to prevent wrinkling or rolling under the leather belt when worn. The back to have two side plaits not less than 3 inches in depth at shoulders and to extend from the shoulder seam where it joins the armhole seam to waistline, buttoned down the front with four large regulation coat buttons equally spaced. The crossing of the lapels will be approximately 1¾ inches above the top button.

To support the belt, except for officers of the Army Air Forces, two metal hooks of the same material as the metal trimmings on the leather belt will be let into the side seams at the waistline.

For officers of the Army Air Forces, the coat will have a belt approximately 2 inches wide of the same material as the coat, sewed down all around the waistline, with the bottom button placed slightly below the sewed-on belt.

(ii) *Collar and lapel.* The collar to be approximately 15½ inches for a 36-inch chest (relative measurements) and to be measured along the outside edge, with the ends cut back slightly, and not to be wider than 1¾ inches at the back seam nor wider than 2⅞ inches at the junction with the lapel.

The top line of the lapel to be horizontal and the peak to extend approximately to the collar line prolonged.

The opening notch between the collar and lapel to be approximately 1¾ inches in depth.

(iii) *Pockets.* There will be four outside pockets, two upper and two lower, covered with flaps, buttoned with small regulation coat buttons at the center and placed so that the upper lines are horizontal. The two upper pockets to be patch pockets, slightly rounded at the lower corners, with a box plait 1½ inches in width on the vertical center line. The flaps to be rounded slightly at the corners and reaching to a slight point at the center. The flap buttons to be on line with the top button of coat.

The two lower pockets to be hung inside the body of the skirt, covered by flaps with the lower corners slightly rounded and the lower edge horizontal. The pockets to be attached to the body of the skirt only at the mouth. The top lines of the lower pocket flaps to be placed slightly below the waistline.

The pockets will be of suitable size according to the size of the coat, but in no case will they exceed the following dimensions:

Upper pockets. Depth 6½ inches; width at top 5¾ inches, at bottom 5¾ inches.

Lower pockets. Depth 10 inches; width at top 8½ inches, at bottom 12 inches.

(iv) *Shoulder loops.* On each shoulder a loop of same material as the coat, let in at the sleeve head seam and reaching to approximately ¾ inch beneath the collar, buttoning at the collar edge with a small regulation coat button. Loops to be about 2½ inches in width at lower end and 1½ inches in width at collar edge and cross-stitched down to shoulder for a distance of about 2 inches from the lower end.

(v) *Skirt.* The skirt to be full with a slight flare, and to extend 1 to 2 inches below the crotch, according to the height of the wearer, with a slit in the back extending from the waistline to the bottom of the skirt following the back seam with an underlap of approximately 2½ inches. The front overlapping left edge of coat to be cut with a pronounced flare to the right from the bottom button to the bottom of the skirt, so as to appear straight from the lapel opening to the bottom of the coat and to remain overlapped not less than 4 inches when in a standing position, without the use of hooks and eyes, the fullness necessary to accomplish this result being over the hips.

(vi) *Ornamentation.* For officers a band of olive-drab braid ½ inch in width on each sleeve, the lower edge 3 inches from end of sleeve. For warrant officers and enlisted men who served honorably as commissioned officers in the World War a similar band of forest green braid similarly placed. Other warrant officers will have no braid on the sleeves.

(b) *Overcoat*—(1) *Long, for officers and warrant officers*—(i) *Material.* Of adopted standard (§ 79.2 (a) (1) (iv)).

(ii) *General description*—(a) *In general.* A double-breasted ulster with convertible style roll collar and notch lapel, lining of same color as ulster; buttoned down the front with a double row of large regulation overcoat buttons, three on each side below the roll of the lapel with top buttons approximately 6½ to 7 inches apart; a button placed under the right collar and a buttonhole at the top of each lapel, one for use when collar is converted and the other for appearance; the lining slit and fastened to pocket openings to allow the hand to go through to pocket of breeches or trousers; slit closed with a small button and buttonhole. Back to be plaited and to have back straps let into the side seams at the waistline, fastened together with two large regulation buttons and buttonholes. Skirt not longer than 10 inches or shorter than 3 inches below the knee; slit in the back extending from bottom of back strap to bottom of skirt and closing with small concealed buttons and buttonholes. The front corners to be provided with buttons and buttonholes so that the corners may be turned back to facilitate marching.

(b) *Pockets.* Two outside welted pockets, one on each side, with vertical openings; the center of the pocket about opposite lower button and placed on a line with frontseam of sleeve.

(c) *Shoulder loops.* On each shoulder a loop about 5 inches in length, 2½ inches in width at the lower end and 1½ inches in width at the upper end, which is slightly pointed, same material as coat, let in at the sleeve head seam and buttoned at the upper end with small regulation overcoat button.

(d) *Skirt.* Skirt to extend to 6 inches above the knee. Slit in back extending about 15 inches from the bottom.

(e) *Ornamentation—For general officers.* Two bands of black braid, the lower band to be 1¼ inches in width and about 2½ inches from the lower edge of the sleeve, the other to be ½ inch in width and 1½ inches above the lower band.

For all other officers and warrant officers. Sleeves to be plain.

(c) *Raincoat for officers and warrant officers.* A waterproof coat of commercial pattern, with shoulder loops, as nearly as practicable olive-drab color.* [Par. 9]

§ 79.10 *Footgear* — (a) *Boots* — (1) *Officers and warrant officers*—(i) *Dress.* Army russet leather of commercial pattern without lacing.

(ii) *Semidress.* Army russet leather of commercial pattern laced at the instep for a distance not to exceed 10 inches, may have an opening not to exceed 4 inches at the top closed with lacing or strap.

(iii) *Field.* Army russet leather, legging top pattern, with three buckles on the side or with laces.

(iv) *Rubber.* Russet, waterproof, commercial pattern.

(2) *Enlisted men.* As issued.

(b) *Leggings, canvas.* For officers, warrant officers, and enlisted men to be of adopted standard and design.

(c) *Shoes*—(1) *Officers and warrant officers.* Commercial pattern, high or low, Army russet leather.

(2) *Enlisted men.* As issued.* [Par. 10]

§ 79.11 *Gloves*—(a) *Dress.*

(1) Chamois leather or chamois color material.

(2) White cotton or lisle.

(b) *Service.* (1) Leather of light russet color, lined or unlined, snap fastener, pull on or buckle type.

(2) Wool, olive-drab.* [Par. 11]

§ 79.12 *Headgear*—(a) *Cap, garrison.* For officers, warrant officers, and enlisted men.

(1) *Material.* Of adopted standard (§ 79.2 (a) (1) (i) and (2)).

(2) *General description.* A standard adopted design with curtain and with a cord edge braid as indicated in § 79.23.

(b) *Cap, service*—(1) *Officers except of the Army Air Forces and warrant officers*—(i) *Material.* Of adopted standard (§ 79.2 (a) (1) (i) and (2)).

(ii) *General description.* Of adopted design about 11¼ inches from front to rear and 10½ inches from side to side, based on size 7⅛, stiffened in front by springs and falling without stiffening to the rear; two eyelets ½ inch from the welt seam and about ¾ inch on each side of side seam of quarters. Top to be stiffened at rim with grommet and cloth on top of crown to be slack. The grommet used to stiffen the rim will be flat 3/16 inch in width (measurements of crown above to be made with grommet in position in cap), inside of top to have waterproof material cut to the size of the crown.

Top of visor of Army russet leather lined with embossed green hatters' leather, waterproofed. Greatest width of visor about 2⅜ inches and slope from vertical about 55 degrees.

* [Par. 40]

§ 79.41 *Civil War Campaign Medal.* A medal of bronze 1¼ inches in diameter. On the obverse is the head of Lincoln, nearly in profile, facing to the right, surrounded by the words, "With malice toward none, with charity for all." On the reverse are the words "The Civil War," and below this the dates "1861–1865," the whole surrounded by a wreath formed by a branch of oak on the left and a branch of olive on the right, the stems joined at the bottom by a conventional knot. The medal is suspended by a silk ribbon 1⅜ inches in length and 1⅜ inches in width, composed of two bands of blue and gray of equal width. All medals to be serially numbered on the rim.*† [Par. 41]

§ 79.42 *Indian Campaign Medal.* A medal of bronze 1¼ inches in diameter. On the obverse is a mounted Indian facing to the right, wearing a war bonnet, and carrying a spear in his right hand. Above the horseman are the words "Indian Wars," and below, on either side of a buffalo skull, the circle is completed by arrowheads, conventionally arranged. On the reverse is a trophy, composed of an eagle perched on a cannon supported by crossed flags, rifles, an Indian shield, spear, and quiver of arrows, a Cuban machete, and a Sulu kriss. Below the trophy are the words "For Service." The whole is surrounded by a circle composed of the words "United States Army" in the upper half and 13 stars in the lower half. The medal is suspended by a silk ribbon 1⅜ inches in length and 1⅜ inches in width, composed of a band of red (¼ inch), a band of black ($\frac{3}{16}$ inch), a band of red (½ inch), a band of black ($\frac{3}{16}$ inch), and a band of red (¼ inch). All medals to be serially numbered on the rim.* [Par. 42]

§ 79.43 *Spanish Campaign Medal.* A medal of bronze 1¼ inches in diameter. On the obverse is a conventional castle with the addition of two round-corner towers within a circle composed of the words "War with Spain" in the upper half and in the lower half the date "1898" at the bottom, with a branch of the tobacco plant on the left and a stalk of sugarcane on the right. The reverse is the same as that of the Indian campaign medal. The medal is suspended by a silk ribbon 1⅜ inches in length and 1⅜ inches in width, composed of two bands of blue (each ⅝ inch), separated by a band of yellow (⅜ inch), with a border of yellow on each edge (⅛ inch). All medals to be serially numbered on the rim.* [Par. 43]

§ 79.44 *Spanish War Service Medal.* A medal of bronze 1¼ inches in diameter. On the obverse is a sheathed Roman sword hanging on a tablet on which is inscribed "For service in the Spanish War." The tablet is surrounded by a wreath. On the reverse is the coat of arms of the United States, with a scroll below, all surrounded by a wreath displaying the insignia of the Infantry, Artillery, and Cavalry. The medal is suspended by a silk ribbon 1⅜ inches in length and 1⅜ inches in width, of green, with a band of yellow (¼ inch), ⅛ inch from each edge. All medals to be serially numbered on the rim.* [Par. 44]

§ 79.45 *Army of Cuban Occupation Medal.* A medal of bronze 1¼ inches in diameter. On the obverse is the coat of arms of the Cuban Republic, with wreath and fasces. Around the circumference are the words "Army of Occupation, Military Government of Cuba," and above the shield the dates "1898" and "1902." The reverse is the same as that of the Indian Campaign Medal. The medal is suspended by a silk ribbon 1⅜ inches in length and 1⅜ inches in width, composed of a band of red (⅜ inch), a yellow stripe ($\frac{1}{16}$ inch), a band of blue (⅜ inch), a yellow stripe ($\frac{1}{16}$ inch) and a band of red (⅜ inch), with a border of blue ($\frac{1}{16}$ inch) on each edge. All medals to be serially numbered on the rim.* [Par. 45]

§ 79.46 *Army of Puerto Rican Occupation Medal.* A medal of bronze 1¼ inches in diameter. On the obverse is a conventional castle with the addition of two round-corner towers, the whole in a circle composed of the words "Army of Occupation, Porto Rico," in the upper half and in the lower half the date "1898" at the bottom, with a branch of the tobacco plant on the left and a stalk of sugarcane on the right. The reverse is the same as that of the Indian Campaign Medal. The medal is suspended by a silk ribbon 1⅜ inches in length and 1⅜ inches in width, composed of a band of blue (⅜ inch), a yellow stripe ($\frac{1}{16}$ inch), a band of red (⅜ inch), a yellow stripe ($\frac{1}{16}$ inch), and a band of blue (⅜ inch), with a border of red ($\frac{1}{16}$ inch) on each edge. All medals to be serially numbered on the rim.* [Par. 46]

§ 79.47 *Philippine Campaign Medal.* A medal of bronze 1¼ inches in diameter. On the obverse is a conventional cocoanut-palm tree. On the left of it is a lamp of knowledge and on the right the scales of justice. The whole is in a circle composed of the words "Philippine Insurrection," and the date of "1899" at the bottom. The reverse is the same as that of the Indian Campaign Medal. The medal is suspended by a silk ribbon 1⅜ inches in length and 1⅜ inches in width, composed of a broad band of blue (⅝ inch), between bands of red ($\frac{5}{16}$ inch), with a narrow strip of blue ($\frac{1}{16}$ inch) on each edge. CHAPTER I—FEDERAL TRADE COMMISSION

[Docket No. 3536]

PART 3—DIGEST OF CEASE AND DESIST ORDERS

IN THE MATTER OF KAS-MO REMEDY CO.

§ 3.6 (t) *Advertising falsely or misleadingly—Qualities or properties of product:* § 3.6 (x) *Advertising falsely or misleadingly—Results.* In connection with offer, etc., in commerce, of respondent's "Kas-Mo Salve" medicinal preparation, or any other substantially similar preparation, representing, (1) that respondent's preparation, "Kas-Mo Salve", is a cure or remedy for pimples, boils, carbuncles, skin risings, external eruptions of the skin, cuts, chronic sores, irritations, caused by bad blood, or insect bites, or that said preparation constitutes a competent or effective treatment for any of such conditions; (2) that said preparation has any therapeutic value in the treatment of rectal irritations in excess of furnishing temporary relief; and (3) that the use of respondent's preparation will prevent the spread of infection; prohibited. (Sec. 5, 38 Stat. 719, as amended by sec. 3, 52 Stat. 112; 15 U. S. C., Supp. IV, sec. 45b) [Cease and desist order, Kas-Mo Remedy Co., Docket 3536, December 23, 1941]

In the Matter of G. J. Tritico, Doing Business Under the Trade Name of "Kas-Mo Remedy Co."

At a regular session of the Federal Trade Commission, held at its office in the City of Washington, D. C., on the 23rd day of December, A. D. 1941.

This proceeding having been heard [1] by the Federal Trade Commission upon the complaint of the Commission, the answer of the respondent, testimony and other evidence taken before trial examiners of the Commission theretofore duly designated by it, in support of the allegations of the complaint and in opposition thereto, report of the trial examiners upon the evidence, and brief filed in support of the complaint; and the Commission having made its findings as to the facts and its conclusion that said respondent has violated the provisions of the Federal Trade Commission Act;

It is ordered, That the respondent, G. J. Tritico, doing business under the trade name of "Kas-Mo Remedy Co.", his representative, agents, and employees, directly or through any corporate of other device, in connection with the offering for sale, sale, and distribution of his medicinal preparation designated "Kas-Mo Salve", or any other preparation of substantially similar composition or possessing substantially similar properties, whether sold under the same name or under any other name, do forthwith cease and desist from representing;

(1) That respondent's preparation, "Kas-Mo Salve," is a cure or remedy for pimples, boils, carbuncles, skin risings, external eruptions of the skin, cuts, chronic sores, irritations, caused by bad blood, or insect bites, or that said preparation constitutes a competent or effective treatment for any of such conditions;

(2) That said preparation has any therapeutic value in the treatment of rectal irritations in excess of furnishing temporary relief;

(3) That the use of respondent's preparation will prevent the spread of infection.

It is further ordered, That the respondent shall, within sixty (60) days after service upon him of this order, file with the Commission a report in writing, setting forth in detail the manner and form in which he has complied with this order.

By the Commission.

PART 3—DIGEST OF CEASE AND DESIST ORDERS

IN THE MATTER OF LIFE SAVERS CORPORATION

§ 3.45 (e) *Discriminating in price—Indirect discrimination—Cumulative discounts.* In connection with offer, etc., in commerce, of respondent's "Life Savers" candy confection, and among other things, as in order set forth, selling goods of like grade and quality to some purchasers at a price which is 10% different than to other purchasers, and selling goods of like grade and quality to some purchasers at any different price than to other purchasers unless such difference makes only due allowance for differences in the cost of manufacture, sale, or delivery resulting from the differing methods or quantities in which such commodities are to such purchasers sold or delivered, prohibited. (Sec. 2 (a), 49 Stat. 1526; 15 U.S.C., Supp. IV, sec. 13a) [Cease and desist order, Life Savers Corporation, Docket 4571, December 23, 1941]

§ 3.45 (c) *Discriminating in price—Direct discrimination—Compensatory payments.* In connection with offer, etc., in commerce, of respondent's "Life Savers" candy confection, and among other things, as in order set forth, (1) paying 10% or any other percentage of the net dollar volume of purchases to some mass or multiple retail outlet distributors in consideration of their furnishing services or facilities connected with the sale, and offering for sale of goods purchased from respondent, such as accepting delivery at a central warehouse and distributing to more than one individual retail store, while not making such payment available on proportionally equal terms to other competing mass or multiple retail outlet distributors who accept delivery at a central warehouse and distribute to individual retail stores or while not making such payment available on proportionally equal terms to jobbers competing in the distribution of such products who in fact take delivery at their central warehouse and distribute to individual retail stores; and (2) compensating or paying 10% or any other percentage of the net dollar volume of purchases to any customer for services furnished by or through such customer while not making such compensation or payment in consideration of like services furnished by or through other customers available on proportionally equal terms to such customers competitively engaged in the distribution of such products; prohibited. (Sec. 2 (d), 49 Stat. 1527; 15 U.S.C., Supp. IV, sec. 13d) [Cease and desist order, Life Savers Corporation, Docket 4571, December 23, 1941]

At a regular session of the Federal Trade Commission, held at its office in the City of Washington, D. C., on the 23d day of December, A. D. 1941.

This proceeding having been heard by the Federal Trade Commission upon the complaint of the Commission; the answer of respondent; the stipulation entered into on the record between the attorney for the Commission and the attorney for respondent, in which respondent admits all the material allegations of the complaint and waives further hearings, the filing of briefs, oral argument, and all intervening procedure; and the report of the trial examiner: And the Commission having made its findings as to the facts and its conclusion that the respondent has violated the provisions of section 2 (a) and (d) of the Clayton Act as amended by the Robinson-Patman Act, approved June 19, 1936 (U.S.C. Title 15, section 13);

It is ordered, That the respondent, Life Savers Corporation, its officers, directors, representatives, agents and employees, jointly or severally, directly or through any corporate or other device, in connection with the offering for sale, sale and distribution of its candy confection known as "Life Savers", in commerce as "commerce" is defined in the Clayton Act, do forthwith cease and desist from:

(a) Selling goods of like grade and quality to some purchasers at a price which is 10% different than to other purchasers, and from selling goods of like grade and quality to some purchasers at any different price than to other purchasers unless such difference makes only due allowance for differences in the cost of manufacture, sale, or delivery resulting from the differing methods or quantities in which such commodities are to such purchasers sold or delivered;

(b) Paying 10% or any other percentage of the net dollar volume of purchases to some mass or multiple retail outlet distributors in consideration of their furnishing services or facilities connected with the sale, and offering for sale of goods purchased from respondent, such as accepting delivery at a central warehouse and distributing to more than one individual retail store, while not making such payment available on proportionally equal terms to other competing mass or multiple retail outlet distributors who accept delivery at a central warehouse and distribute to individual retail stores or while not making such payment available on proportionally equal terms to jobbers competing in the distribution of such products who in fact take delivery at their central warehouse and distribute to individual retail stores;

(c) Compensating or paying 10% or any other percentage of the net dollar volume of purchases to any customer for services furnished by or through such customer while not making such compensation or payment in consideration of like services furnished by or through other customers available on proportionally equal terms to such customers competitively engaged in the distribution of such products.

It is further ordered, That the respondent Life Savers Corporation shall, within sixty (60) days after service upon it of this order, file with the Commission a report in writing, setting forth in detail the manner and form in which it has complied with the order to cease and desist herein set forth.

By the Commission.

PART 326—MINIMUM PRICE SCHEDULE, DISTRICT NO. 6

ORDER GRANTING PERMANENT RELIEF IN PART IN THE MATTER OF THE PETITION OF DISTRICT BOARD 6 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF CERTAIN MINES IN DISTRICT NO. 6

A petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been filed on April 17, 1941, with the Bituminous Coal Division by District Board 6, requesting price classifications and minimum prices for shipments other than truck for the coals of three mines in District 6 theretofore classified for truck shipments only;

Temporary relief pending the final disposition of this proceeding having been granted in part by an Order of the Acting Director dated July 18, 1941, 6 F.R. 3603, establishing minimum f. o. b. mine prices for rail shipments only;

Pursuant to an appropriate Order and after due notice to all interested persons, a hearing in this matter having been held before Edward J. Hayes, a duly designated Examiner of the Division, at a hearing room thereof in Washington, D. C., at which all interested persons were afforded an opportunity to be present, adduce evidence, cross-examine witnesses, and otherwise be heard;

The preparation and filing of a report by the Examiner having been waived and the record in the proceeding having thereupon been submitted to the undersigned;

The undersigned having made Findings of Fact and Conclusions of Law and having rendered an Opinion, which are filed herewith;

PART 328—MINIMUM PRICE SCHEDULE, DISTRICT NO. 8

FINDINGS OF FACT, CONCLUSIONS OF LAW, MEMORANDUM OPINION, AND ORDER GRANTING PERMANENT RELIEF IN THE MATTER OF THE PETITION OF DISTRICT BOARD NO. 8 REQUESTING REVISION OF THE EFFECTIVE MINIMUM PRICES ESTABLISHED FOR THE COALS PRODUCED AT THE JEANNE ANNE MINE (MINE INDEX NO. 1446) AND THE JEANNE ANNE #3 MINE (MINE INDEX NO. 616) OF THE WEST VIRGINIA COAL & TRANSPORTATION COMPANY, IN MASON COUNTY, WEST VIRGINIA

WEST VIRGINIA, KANAWHA SUBDISTRICT IN DISTRICT NO. 8, FOR SHIPMENT BY TRUCK

This is a proceeding instituted upon an original petition filed on August 15, 1941, with the Bituminous Coal Division, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, by District Board No. 8, requesting and proposing a revision of the effective minimum prices for truck shipments established for the coals of the Jeanne Anne Mine (Mine Inde No. 1446) and the Jeanne Anne No. 3 Mine (Mine Index No. 616) of West Virginia Coal & Transportation Company, located in Mason County, West Virginia.

Pursuant to a Notice of and Order for Hearing of the Director, a hearing on this matter was held in Washington, D. C., on September 29, 1941, at which time a continuance was granted by the Examiner upon receipt of a telegram from West Virginia Coal & Transportation Company that it had not been served with a copy of the Notice of and Order for Hearing.

A petition of intervention was filed by West Virginia Coal & Transportation Company on October 8, 1941, and withdrawn on November 5, 1941, with the statement that West Virginia Coal & Transportation Company would not appear at the hearing and would make no opposition to the petition of District Board No. 8.

In accordance with subsequent orders of the Director, the hearing was resumed on November 5, 1941, before Edward J. Hayes, a duly designated Examiner of the Division, at a hearing room thereof, in Washington, D. C. All interested persons were afforded an opportunity to be present, adduce evidence, cross-examine witnesses and otherwise be heard. The petitioner, District Board No. 8, appeared, but no appearance was entered for West Virginia Coal & Transportation Company.

The preparation and filing of a report by the Examiner was waived, and the matter was thereupon submitted to the undersigned.

The only witness at the hearing was John F. Daniel, Director of Compliance and Truck Mining Service for District Board No. 8, who testified to the following effect: The West Virginia Coal & Transportation Company operates the Jeanne Anne, Jeanne Anne No. 2, and Jeanne Anne No. 3 Mines. All three mines are located adjacent to each other near West Columbia, Mason County, West Virginia, and operate in the Pittsburgh No. 8 Seam. The coal produced by each of these mines is comparable to that produced by each of the other two, and to the coals produced by all other mines located in the same county and operating in the same seam. The effective minimum prices for the coals of the Jeanne Anne and Jeanne Anne No. 3 Mines for shipment by truck established, pursuant to proposals of District Board No. 8, in Docket No. A–81 and Docket No. A–615, respectively, were erroneously based on a $2.45 price level and are not in conformity with the effective minimum prices for the coals of the Jeanne Anne No. 2 Mine for shipment by truck, nor with those established for the coals of any of the other mines located on the Pittsburgh No. 8 Seam, in Mason County, West Virginia, which are based on a $2.70 price level. Daniel further testified that no revision of the rail prices of the Jeanne Anne and Jeanne Anne No. 3 Mines was sought because all the mines in Mason County, including these two, had effective minimum rail prices properly based on a $2.45 price level, as a result of coordination with rail prices established for the coals of competitive producers in Putnam County. The witness contended that the effective minimum prices for truck shipments for the coals of the Jeanne Anne and Jeanne Anne No. 3 Mines should be increased to the $2.70 price level, as proposed by the District Board, in order to conform with the effective minimum prices established for comparable coals of the other mines producing from the Pittsburgh No. 8 Seam, in Mason County.

Upon the basis of the uncontroverted testimony in this proceeding, I find and conclude that the revision of the effective minimum prices for truck shipments for the coals produced at the Jeanne Anne Mine and at the Jeanne Anne No. 3 Mine, as requested by the petitioner and as set forth in Supplement T attached hereto, will effectuate the purposes of sections 4 II (a) and 4 II (b) of the Act and that the minimum prices as set forth comply with all the standards thereof.

Now, therefore, it is ordered, That commencing fifteen (15) days from the date hereof, the minimum prices for truck shipments as set forth in Supplement T annexed hereto and hereby made a part hereof, be and the same are hereby established and made effective for the coals produced at the Jeanne Anne Mine (Mine Index No. 1448) and at the Jeanne Anne No. 3 Mine (Mine Index No. 616) of the West Virginia Coal & Transportation Company, and that § 328.34 (*General prices for high volatile coals in cents per net ton for shipment into all market areas*) in the Schedule of Effective Minimum Prices for District No. 8 for Truck Shipments be and it is hereby amended accordingly.

Dated: December 13, 1941.

Acting Director.

[Docket No. A–1035, Part II]

PART 328—MINIMUM PRICE SCHEDULE, DISTRICT NO. 8

FINDINGS OF FACT, CONCLUSIONS OF LAW, MEMORANDUM OPINION AND ORDER IN THE MATTER OF THE PETITION OF DISTRICT BOARD 8 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF THE PERKINS MINE (MINE INDEX NO. 2628) OF J. E. WARRICK, A CODE MEMBER IN DISTRICT 8

This proceeding was instituted upon an original petition filed with the Bituminous Coal Division, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, by District Board 8. The petition requests and proposes the establishment of price classifications and effective minimum prices for the coals of certain mines in District 8, including among others, the coals of the Perkins Mine (Mine Index No. 2628) of J. E. Warrick, a code member in District 8.[1] Petitioner proposed that the Perkins Mine be permitted to load its coals at Saxton, Kentucky, on the Louisville & Nashville Railroad and at Jellico, Tennessee, on the Southern Railway. On October 7, 1941, the Director issued an Order establishing temporary price classifications and temporary effective minimum prices for the coals of the Perkins Mine for shipments only on the Louisville & Nashville Railroad from Saxton, Kentucky.

Pursuant to the Order of October 7, 1941, a hearing in this matter was held on November 14, 1941, before D. C. McCurtain, a duly designated Examiner of the Division, at a hearing room thereof in Washington, D. C. All interested persons were afforded an opportunity to be present, adduce evidence, cross-examine witnesses, and otherwise be heard. District Board 8 appeared.

[1] On September 30, 1941, 6 F.R. 5315, the Director issued an Order establishing temporary and conditionally final prices for the coals of these District 8 mines, except for (1) the coals of the Daugherty & King Mine (Mine Index No. 2611) of F. J. Daugherty and Carl King (effective minimum prices having already been established for the coals of this mine), and (2) the coals of the Perkins Mine (Mine Index No. 2628) of J. E. Warrick. By an Order of October 7, 1941, 6 F.R. 5397, prices for the coals of the Perkins Mine were temporarily established for shipment via the Louisville & Nashville Railroad only: the matter relating to the coals of the Perkins Mine for shipment via the Southern Railway was severed from Docket No. A–1035 and designated as Docket No. A–1035 Part II.

The preparation and filing of a report by the Examiner was waived and the matter was thereupon submitted to the undersigned.

The witness Robb, a representative of District Board 8, testified that since the filing of the petition in Docket No. A–1035, J. E. Warrick had been succeeded by Joe E. Perkins as operator of the Perkins Mine. A letter was introduced into evidence which had been written by said Joe E. Perkins to Wayne P. Ellis, Secretary of District Board 8, advising that the loading point at Saxton, Kentucky, on the Louisville & Nashville Railroad was adequate for use by the Perkins Mine. Accordingly, District Board 8 moved that the temporary price classifications and the temporary effective minimum prices heretofore established for the coals produced at the Perkins Mine for shipments from Saxton, Kentucky, on the Louisville & Nashville Railroad be made permanent but that the request in the petition for the establishment of price classifications and effective minimum prices for such coals for shipments from Jellico, Tennessee, on the Southern Railway be denied.

Based upon a consideration of the record, the undersigned finds and concludes that the establishment of such price classifications and effective minimum prices for the coals of the Perkins Mine (Mine Index No. 2628) for all shipments except truck as set forth in Supplement "R" annexed hereto, is necessary in order to effectuate the purposes of sections 4 II (a) and 4 II (b) of the Act and that the prices as set forth therein comply with all the standards thereof. In view of the position taken by the present owner of the Perkins Mine there is no occasion to consider whether it would be proper to establish prices for the coals of the Perkins Mine for shipment via the Southern Railway.

Now, therefore, it is ordered, That commencing fifteen (15) days from the date hereof, § 328.11 (*Alphabetical list of code members*) is amended by adding thereto Supplement "R", which supplement is hereinafter set forth and hereby made a part hereof.

Dated: December 13, 1941.

Acting Director.

CHAPTER IX—OFFICE OF PRODUCTION MANAGEMENT

SUBCHAPTER B—PRIORITIES DIVISION

PART 921—ALUMINUM

Extension of General Preference Order M-1, Supplementary Orders M-1-a and M-1-c, and Preference Rating Order No. P-12

It is hereby ordered, That §§ 921.1,[1] 921.2,[2] 921.4 [3] and 921.5 [4] (General Preference Order M-1 and Supplementary Order M-1-a as extended, Supplementary Order M-1-c, and Preference Rating Order No. P-12 including all the orders of that series issued to individual producers), expiring by their respective terms on December 31, 1941, shall continue in effect until January 31, 1942, unless sooner revoked by the Director of Priorities. (P.D. Reg. 1, Aug. 27, 1941, 6 F.R. 4489; O.P.M. Reg. 3 Amended, Sept. 2, 1941, 6 F.R. 4865; E.O. 8629, Jan. 7, 1941, 6 F.R. 191; E.O. 8875, Aug. 28, 1941, 6 F.R. 4483; sec. 2 (a), Public No. 671, 76th Congress, Third Session, as amended by Public No. 89, 77th Congress, First Session; sec. 9, Public No. 783, 76th Congress, Third Session)

Issued this 31st day of December 1941.

PART 933—COPPER

Interpretation No. 1 of § 933.4 Conservation Order No. M-9-c,[1] as Amended, Curtailing the Use of Copper in Certain Items

The attached official interpretation is hereby issued by the Director of Priorities with respect to Copper Conservation Order M-9-c.

Issued this 26th day of December, 1941.

DONALD M. NELSON,
Director of Priorities.

Interpretation With Respect to the Application of Copper Conservation Order M-9-c to the Radio Industry

Copper Conservation Order M-9-c, as amended December 10, 1941, restricts the use of Copper and Copper Base Alloy in the manufacture of radios. The Order applies to the manufacture; it does not prohibit the sale of radios if they have been manufactured within the limitations of the Order.

Broadly speaking, after January 1, 1942, manufacturers are prohibited from using Copper or Copper Base Alloy in the manufacture of radios except to the extent necessary for carrying electrical current, and even then only enough may be used to carry the amount of current required, leaving a reasonable factor of safety.

All decorative uses of Copper or Copper Base Alloy are prohibited. The attached table shows the effect the Order has on certain parts of a radio where Copper was used in the past.

PART 937—ZINC

Supplementary Order No. M-11-g

§ 937.8 *Supplementary Order M-11-g.* (a) The Director of Priorities hereby determines that the amount of Metallic Zinc, Zinc Oxide and Zinc Dust to be set aside by Producers under paragraph (c)[1] of § 937.1 as extended, for the month of January, 1942 and for each month thereafter until otherwise determined by him, shall be as follows:

(1) Metallic zinc: An amount equal to 31% of Producer's October 1941 production.

(2) Zinc oxide: An amount equal to 10% of Producer's October 1941 production.

(3) Zinc dust: None.

(b) This Order shall take effect on the 1st day of January 1942. (P.D. Reg. 1, Aug. 27, 1941, 6 F.R. 4489; O.P.M. Reg. 3 amended Sept. 2, 1941, 6 F.R. 4865; E.O. 8629, Jan. 7, 1941, 6 F.R. 191; E.O. 8875, Aug. 28, 1941, 6 F.R. 4483; sec. 2 (a), Public No. 671, 76th Congress, Third Session, as amended by Public No. 89, 77th Congress, First Session; sec. 9, Public No. 783, 76th Congress, Third Session)

Issued this 31st day of December 1941.

PART 939—HIGH-SPEED STEEL

Amendment No. 2 to General Preference Order M-14

Paragraph (b) of § 939.1[2] (*General Preference Order M-14*) is hereby amended to read as follows:

[1] 6 F.R. 3179, 5290.
[2] 6 F.R. 2676, 6207.

§ 939.1 *General preference order M-14.*

* * * * *

(b) *Orders.* No customer of a producer shall place an order with such producer for Class B high-speed steel if Class A high-speed steel would reasonably fulfill his requirements; and no producer shall accept such an order for Class B high-speed steel when he knows or has reason to believe that Class A high-speed steel would reasonably fulfill the customer's requirements. For the period October 28, 1941, to February 1, 1942, and for each quarterly period thereafter, no customer shall place and no producer shall accept orders for Class B high-speed steel which will exceed, in the aggregate, by weight, one-third of the quantities of Class A high-speed steel ordered by such customer from the same producer during the same period. Customers' orders for high-speed steel which are to be filled in whole or in part by the use of material, including tungsten ore, ferro tungsten, and tungsten-bearing scrap, furnished by such customers shall be subject to all the restrictions and provisions of this Order. With respect to orders placed on or after October 28, 1941, no customer shall request cancellation, during the period October 28, 1941, to February 1, 1942, or during any quarterly period thereafter, of any order for Class A high-speed steel, unless such customer shall also request cancellation of an order or orders for one-third of such quantity, by weight, of Class B high-speed steel placed with the same or some other producer during the same period.

PART 976—MOTOR TRUCKS, TRUCK TRAILERS AND PASSENGER CARRIERS

Amendment No. 2 to Limitation Order L-1-a, To Restrict the Production of Medium and Heavy Motor Trucks and Passenger Carriers

Section 976.1 (General Limitation Order No. L-1, and, as amended L-1-a) is hereby amended to read as follows:

Whereas the manufacture of medium and heavy motor trucks and passenger carriers requires the utilization of large quantities of aluminum, chromium, copper, nickel, nickel steel, rubber, steel, tin, tungsten and other critical materials, and national defense requirements have created a shortage of these materials for the combined needs of defense, private account and export; action has already been taken to conserve the supply and direct the distribution of such materials to insure deliveries for defense and for essential civilian requirements; and the present supply of these materials will be insufficient for defense and essential civilian requirements unless the manufacture of medium and heavy motor trucks and passenger carriers is curtailed and the use of critical materials for such manufacture thereby reduced;

Now, therefore, it is hereby ordered, That:

§ 976.1 *General Limitation Order L-1-a*—(a) *Definitions.* For the purposes of this order:

(1) "Medium and/or Heavy Motor Truck"—means a complete motor truck or truck tractor with a maximum gross vehicle weight rating of 9,000 pounds or more, (as certified to the Office of Production Management by the Producer's Engineering Department and as specified in a published rating in effect prior to August 1, 1941) or the chassis therefor.

(2) "Passenger Carrier"—means a complete motor or electrical coach for passenger transportation, having a seating capacity of not less than fifteen persons, or the chassis or body therefor.

(3) "Producer"—means any individual, partnership, association, corporation or other form of business enterprise engaged in the manufacture of medium and/or heavy motor trucks or passenger carriers.

(b) *General restriction. February quota.* During the period commencing February 1, 1942 and ending February 28, 1942:

(1) Producers shall manufacture not more than the following number of medium and/or heavy motor trucks:

Name of producer	Number of medium and/or heavy motor trucks
Ford Motor Co	17,000
Chevrolet Division, General Motors Corp	13,320
Chrysler Corporation	6,000
International Harvester Co	5,945

Stewart Motor Corporation	4
The Hug Co	3
Coleman Motors Corporation	3
Federal Le Moon Truck Co	1
De Martini Motor Truck Co	1
Doane Motor Truck Co	1
MacDonald Truck & Manufacturing Co	1

(2) Producers shall manufacture not more than the following number of passenger carriers:

Name of producer	Number of passenger carriers
Yellow Truck and Coach Manufacturing Co	275
Mack Manufacturing Corporation	175
Ford Motor Co	130
J. G. Brill Co	125
Twin Coach Co	115
White Motor Co	75

St. Louis Car Co	10
Kenworth Motor Truck Corporation	5
Pen Yan Body Co	5
Wayne Body Co	5
Wentworth and Irwin, Inc	5
Pacific Car & Foundry Co	5

(3) The determination of the number of medium and/or heavy motor trucks and passenger carriers produced during the period from February 1, 1942 to February 28, 1942, shall exclude, and the foregoing limitation upon the number of medium and/or heavy motor trucks and passenger carriers which may be produced by any Producer during the month of February, 1942, shall not apply to any such medium and/or heavy motor trucks and passenger carriers produced under contracts or orders for delivery to or for the account of:

(i) the Army or Navy of the United States, the United States Maritime Commission, the Panama Canal, the Coast and Geodetic Survey, the Coast Guard, the Civil Aeronautics Authority, the National Advisory Commission for Aeronautics, the Office of Scientific Research and Development;

(ii) the government of any of the following countries; the United Kingdom, Canada, and other Dominions, Crown Colonies and Protectorates of the British Empire, Belgium, China, Greece, the Kingdom of the Netherlands, Norway, Poland, Russia and Yugoslavia;

(iii) any agency of the United States Government for material or equipment to be delivered to, or for the account of, the government of any country listed above, or any other country, including those in the Western Hemisphere, pursuant to the Act of March 11, 1941, entitled "An Act to Promote the Defense of the United States." (Lend-Lease Act.)

(c) *Records.* All persons affected by this Order shall keep and preserve for not less than two years accurate and complete records concerning inventories, production and sales.

(d) *Audit and inspection.* All records required to be kept by this Order shall, upon request, be submitted to audit and inspection by duly authorized representatives of the Office of Production Management.

[1] 6 F.R. 3647.
[2] 6 F.R. 4301, 4527, 5090, 5648.

(e) *Reports.* All persons affected by this Order shall execute and file with the Office of Production Management such reports and questionnaires as said Office shall from time to time request. No reports or questionnaires are to be filed by any person until forms therefor are prescribed by the Office of Production Management.

(f) *Violations or false statements.* Any person who violates this Order, or who wilfully falsifies any records which he is required to keep by the terms of this order, or by the Director of Priorities, or otherwise wilfully furnishes false information to the Director of Priorities or to the Office of Production Management may be deprived of priorities assistance or may be prohibited by the Director of Priorities from obtaining any further deliveries of materials subject to allocation. The Director of Priorities may also take any other action deemed appropriate, including the making of a recommendation for prosecution under section 35A of the Criminal Code (18 U.S.C. 80).

(g) *Appeal.* Any person affected by this Order who considers that compliance herewith would work an exceptional and unreasonable hardship upon him, may appeal to the Division of Priorities by addressing a letter to the Automotive Branch of the Division of Civilian Supply, Office of Production Management, Washington, D. C., setting forth the pertinent facts and the reasons such person considers that he is entitled to relief. The Director of Priorities may thereupon take such action as he deems appropriate.

(h) *Effective Date.* This Order shall take effect immediately. (P.D. Reg. 1, Aug. 27, 1941, 6 F.R. 4489; O.P.M. Reg. 3, March 8, 1941, 6 F.R. 1596, as amended Sept. 12, 1941, 6 F.R. 4865; E.O. 8629, Jan. 7, 1941, 6 F.R. 191; E.O. 8875, Aug. 28, 1941, 6 F.R. 4483; sec. 2 (a), Public No. 671, 76th Congress, Third Session, as amended by Public No. 89, 77th Congress, First Session; sec. 9, Public No. 783, 76th Congress, Third Session)

Issued this 31st day of December 1941.

PART 976—MOTOR TRUCKS, TRUCK TRAILERS AND PASSENGER CARRIERS

Amendment No. 1 to Limited Preference Rating Order No. P-54 Material Entering Into the Production of Defense Products

Section 976.2 is hereby amended in the following particulars:

The introduction is hereby amended to read as follows:

§ 976.2 *Limited Preference Rating Order P-54.*[1] For the purpose of facilitating the acquisition of material for the production of certain trucks, truck trailers and passenger carriers, a preference rating is hereby assigned to deliveries for such purposes upon the following terms:

Section 976.2 (a) (2) is hereby amended to read as follows:

(a) *Definitions.*

* * * * *

(2) "Defense Products" means medium and/or heavy motor trucks, truck trailers, and passenger carriers, those terms being defined as follows:

(1) "Medium and/or Heavy Motor Truck"—means a complete motor truck or truck tractor with a maximum gross vehicle weight rating of 9,000 pounds or more, (as certified to the Office of Production Management by the Producer's Engineering Department and as specified in a published rating in effect prior to August 1, 1941), or the chassis, body or cab therefor.

(2) "Truck-Trailer"—means a complete semi-trailer or full trailer having a cargo-carrying capacity (as advertised by the Producer prior to August 1, 1941) of five tons or more, designed exclusively for the transportation of property, or the chassis or body therefor.

(3) "Passenger Carrier"—means a complete motor or electrical coach for passenger transportation, having a seating capacity of not less than fifteen persons, or the chassis or body therefor.

* * * * *

It is also hereby ordered that § 976.2 shall continue in effect until the 28th day of February, 1942, unless sooner revoked by the Director of Priorities. In order to make this extension effective it is hereby ordered that § 976.2 (e) (3) be amended to read as follows:

(e) *Restrictions on application of rating.*

* * * * *

(3) *by a Producer or a Supplier.*

(i) Unless the material to be delivered cannot be obtained when required without such rating,

(ii) To obtain deliveries earlier than required,

(iii) To deliveries of materials on purchase orders placed after February 1, 1942,

(iv) To deliveries of materials on purchase orders calling for delivery after February 28, 1942. (P.D. Reg. 1, Aug. 27, 1941, 6 F.R. 4489; O.P.M. Reg. 3, March 8, 1941, 6 F.R. 1596, as amended Sept. 12, 1941, 6 F.R. 4865; E.O. 8629, Jan. 7, 1941, 6 F.R. 191; E.O. 8875, Aug. 28, 1941, 6 F.R. 4483; sec. 2 (a), Public No. 671, 76th Congress, Third Session, as amended by Public No. 89, 77th Congress, First Session; sec. 9, Public No. 783, 76th Congress, Third Session)

Issued this 31st day of December 1941.

PART 976—MOTOR TRUCKS, TRUCK TRAILERS AND PASSENGER CARRIERS

Supplementary General Limitation Order L-3-d Further Restricting the Production of Light Motor Trucks during the months of December 1941 and January 1942

In accordance with the provisions of § 976.3[1] (*General limitation order L-3* issued September 13, 1941); of § 976.4[2] (*Supplementary general limitation order L-3-a*, issued October 24, 1941); and of § 976.5[3] (*Supplementary general limitation Order L3-b*, issued November 14, 1941); all of which said Orders the following Order supplements,

It is hereby ordered, That:

§ 976.3 *General Limitation Order L-3* (a) *Further restricting the production of light motor trucks in December 1941 and January 1942.* Anything contained in the above-mentioned Orders to the contrary notwithstanding, and subject to the qualifications provided for in paragraph (b) below, during the period commencing December 1, 1941 and ending December 31, 1941, the manufacture of light motor trucks by each Producer thereof is hereby restricted to a number equal to three-fourths of seven per cent (¾ of 7%) of such Producer's average annual production of light motor trucks during the three years commencing August 1, 1938 and ending July 31, 1941, and no Producer shall manufacture light motor trucks during said month of December 1941 in excess of such number. Anything contained in the above-mentioned Orders to the contrary notwithstanding, and subject to the qualifications provided in paragraph (b) below, during the period commencing January 1, 1942 and ending January 31, 1942, the manufacture of light motor trucks by each Producer thereof is hereby restricted to a number equal to one-half of seven per cent (½ of 7%) of such Producer's average annual production of light motor trucks during the three years commencing August 1, 1938 and ending July 31, 1941, and no Producer shall manufacture light motor trucks during said month of January 1942 in excess of such number.

(b) *Qualifications on paragraph (a) hereinabove.* In spite of the provisions of paragraph (a) hereinabove any Producer of light motor trucks may produce in the month of December 1941 that number of light motor trucks originally authorized for his December 1941 production by Supplementary General Limitation Order L-3-a, issued October 24, 1941: *Provided*, That such Producer's January 1942 quota as authorized in paragraph (a) hereinabove, shall be reduced by whatever number such Producer's December 1941 production exceeds the December 1941 quota fixed by paragraph (a) hereinabove. Further, any Producer of light motor trucks may carry over into the month of January 1942 any portion of his December 1941 production which he failed to produce in the month of December 1941: *Provided, however*, That in no event shall any Producer's total production of light motor trucks for December 1941 and January 1942 exceed the total of his production for those two months authorized in paragraph (a) hereinabove.

(c) *Prohibition of use of new spare tires on new light motor trucks.* On and after the effective date of this Order, no Producer shall equip any new light motor truck produced by him with any new tires in excess of those required for the wheels on which said truck is then operated; all new spare or extra new tires being hereby prohibited; nor shall any such Producer or any other person sell, ship or deliver any new light motor truck with any new spare or extra new tire.

(d) *Extension of use of "Bright Work" to December 31, 1941, and further qualifications on the use thereof.* Paragraph (b) of § 976.5 *Supplementary general limitation order L-3-b*, issued November 14, 1941, is amended by changing the date December 15, 1941 to December 31, 1941 and is further amended by inserting therein the following new subparagraphs designated (b) (i), (b) (ii) and (b) (iii);

(b) (i) The provisions of paragraph (b) shall not apply to ventilator window latches, external lock cylinder caps and covers, external windshield wiper arm and blade assemblies, and body trim bright screws.

(b) (ii) Notwithstanding the provisions of paragraph (b) stocks of "bright work" parts (such as, but not limited to, belt moldings, radiator grilles, running board moldings, windshield moldings, window frame moldings and hub caps) which were in process of manufacture or on hand in the form of finished parts on November 14, 1941, may continue to be used after December 31, 1941, if, but only if, such stocks are treated so as permanently to lose their identity as "bright work" by some practical method such as acid etching and sand blasting and are painted or enamelled before being used.

(b) (iii) Each Producer who desires to take advantage of the provisions of paragraphs (b) (i) and (b) (ii) shall on or before January 1, 1942 file with the Automotive, Transportation and Farm Equipment Branch a statement of his November 14, 1941 inventories of "bright work" goods in process and "bright work" finished parts. The January 1, 1942 statement shall also set out the steps such Producer intends to take in order to comply with paragraph (b) (ii). In addition, each Producer shall furnish proof of compliance with paragraph (b) (ii) whenever such proof is requested by the Branch.

(e) *The effect of present order on use of "bright work".* Anything in supplementary General Limitation Order L-3-b, issued November 14, 1941 and amended by Paragraph (d) hereinabove, to the contrary notwithstanding, any Producer of light motor trucks may use "bright work", "bright finish", metal finish or body trim containing copper, nickel, chrome or aluminum on that number of light motor trucks originally authorized for production in the month of December 1941, by Supplementary General Limitation Order L-3-a, issued October 24, 1941: *Provided, however*, That if any part of such December 1941 production, so authorized, is carried over into the month of January 1942, as authorized by paragraph (b) hereinabove, then and in that event such "bright work", "bright finish", metal finish or body trim containing copper, nickel, chrome or aluminum must be applied on the first light motor trucks produced in January 1942.

(f) *Effective date.* This Order shall take effect immediately. (P.D. Reg. 1, Aug. 27, 1941, 6 F.R. 4489, O.P.M. Reg. 3, March 8, 1941, 6 F.R. 1596, as amended Sept. 12, 1941, 6 F.R. 4865; E.O. 8629, Jan. 7, 1941, 6 F.R. 191; E.O. 8875, Aug. 28, 1941, 6 F.R. 4483; sec 2 (a) Public No. 671, 76th Congress, Third Session as amended by Public No. 89, 77th Congress, First Session; sec. 9, Public No. 783, 76th Congress, Third Session)

PART 998—METAL OFFICE FURNITURE AND EQUIPMENT

Amendment No. 1 to Limitation Order L-13 to Restrict the Production of Metal Office Furniture and Equipment

It is hereby ordered, That:

Section 998.1 (*Limitation Order L-13*) is hereby amended to read as follows:

§ 998.1 *General Limitation Order L-13*—(a) *Definitions.* For the purposes of this Order:

(1) "Steel Used" means

(i) The aggregate weight of steel cut or processed by any manufacturer subject to this order for use in the production of metal office furniture and equipment, plus

(ii) The aggregate weight of steel contained in purchased parts when such parts are put into the production of metal office furniture and equipment.

(2) "Class A Manufacturers" means those manufacturers of metal office fur-

[1] 6 F.R. 5091.

niture and equipment whose steel used in the manufacture of such metal office furniture and equipment for the twelve months ending June 30, 1941, was 12,000 tons or more.

(3) "Class B Manufacturers" means those manufacturers of metal office furniture and equipment whose steel used in the manufacture of such metal office furniture and equipment for the twelve months ending June 30, 1941, was more than 3,000 but less than 12,000 tons.

(4) "Class C Manufacturers" means those manufacturers of metal office furniture and equipment whose steel used in the manufacture of such metal office furniture and equipment for the twelve months ending June 30, 1941, was 3,000 tons or less.

(5) "Group I Product" means any one of the following: insulated metal filing cabinets; safes; metal visible record equipment; metal shelving; metal lockers; stenographic or posture-type office chairs containing metal.

(6) "Group II Product" means any one of the following: metal filing cabinets other than insulated filing cabinets.

(7) "Group III Product" means any one of the following: metal office storage cabinets; metal desks; office chairs containing metal, other than stenographic or posture-type office chairs; metal office tables, including typewriter and office machine stands (except those which are integral parts of the machines which they support); metal bank vault equipment; metal office counters other than filing cabinets; movable metal partitions; doors, etc., for movable metal partitions; other metal office equipment, including wastepaper baskets, metal trays, and wire baskets.

(8) "Preferred Order" means any order or contract for metal office furniture and equipment to be delivered to or for the account of

(i) The Army or Navy of the United States, the United States Maritime Commission, the Panama Canal, the Coast and Geodetic Survey, the Coast Guard, the Civil Aeronautics Authority, the National Advisory Commission for Aeronautics, and the Office of Scientific Research and Development;

(ii) The government of any of the following countries: The United Kingdom, Canada, and other Dominions, Crown Colonies and Protectorates of the British Empire, Belgium, China, Greece, the Kingdom of the Netherlands, Norway, Poland, Russia and Yugoslavia;

(iii) Any agency of the United States Government for delivery to, or for the account for the government of any country listed above or any country, including those in the Western Hemisphere, pursuant to the Act of March 11, 1941, entitled "An Act to Promote the Defense of the United States." (Lend-Lease Act)

(b) *General restrictions.* (1) Except as provided in subparagraphs (4) and (5), during each of the months of January, February and March, 1942, no Class A Manufacturer of metal office furniture and equipment shall use in the production of any Group I Product more than 70% of the monthly average of steel used by him for the manufacture of such Group I Product during the twelve months ending June 30, 1941; nor shall such Class A Manufacturer use in the manufacture of any Group II Product more than 55% of the monthly average of steel used by him for the manufacture of such Group II Product during the twelve months ending June 30, 1941; nor shall such Class A Manufacturer use in the manufacture of any Group III Product more than 40% of the monthly average of steel used by him for the manufacture of such Group III Product during the twelve months ending June 30, 1941.

(2) Except as provided in subparagraphs (4) and (5), during each of the months of January, February and March, 1942, no Class B Manufacturer of metal office furniture and equipment shall use in the production of any Group I Product more than 80% of the monthly average of steel used by him for the manufacture of each Group I Product during the twelve months ending June 30, 1941; nor shall such Class B Manufacturer use in the manufacture of any Group II Product more than 65% of the monthly average of steel used by him for the manufacture of such Group II Product during the twelve months ending June 30, 1941; nor shall such Class B Manufacturer use in the manufacture of any Group III Product more than 50% of the monthly average of steel used by him for the manufacture of such Group III Product during the twelve months ending June 30, 1941.

(3) Except as provided in subparagraphs (4) and (5), during each of the months of January, February and March, 1942, no Class C Manufacturer of metal office furniture and equipment shall use in the production of any Group I Product more than 90% of the monthly average of steel used by him for the manufacture of such Group I Product during the twelve months ending June 30, 1941; nor shall such Class C Manufacturer use in the manufacture of any Group II Product more than 75% of the monthly average of steel used by him for the manufacture of such Group II Product during the twelve months ending June 30, 1941; nor shall such Class C Manufacturer use in the manufacture of any Group III Product more than 60% of the monthly average of steel used by him for the manufacture of such Group III Product during the twelve months ending June 30, 1941.

(4) Any manufacturer of metal office furniture and equipment who manufactures more than one product may, as between such products (whether in the same or in different groups), adjust the permissible amounts of steel to be used, but such adjustment shall be within the following limits: In the production of any one product he may use up to but not exceeding 120% of the amount of steel permitted for such product under the terms of subparagraphs (1), (2), or (3), but, in such a case, the amount of steel permitted for his other products shall be reduced so that the total amount of steel used by him in the production of metal office furniture and equipment shall not exceed the total permitted under the preceding subparagraphs exclusive of this subparagraph.

(5) A manufacturer having preferred orders may exceed the foregoing restrictions in any month to the extent of the amount of steel required to fill such preferred orders: *Provided*, That his quota under subparagraphs (1), (2), or (3) for the following month shall be reduced by the amount of such excess. In no event, however, shall a quota for any month be reduced below 50% of the quota established under subparagraphs (1), (2) or (3).

(c) *Avoidance of excessive inventories.* Manufacturers of metal office furniture and equipment shall not accumulate inventories of raw materials, semi-processed materials or finished parts for metal office furniture and equipment in quantities in excess of the minimum amount necessary to maintain production of metal office furniture and equipment at the rates permitted by this Order.

(d) *Records.* All persons affected by this Order shall keep and preserve for not less than two years accurate and complete records concerning inventories, production and sales.

(e) *Audit and inspection.* All records required to be kept by this Order shall, upon request, be submitted to audit and inspection by duly authorized representatives of the Office of Production Management.

(f) *Reports.* Until further notice each manufacturer to whom this Order applies shall file with the Office of Production Management reports on Form PD–134 on or before the fifteenth day of each month, covering the preceding month, and such other reports and questionnaires as said Office shall from time to time request.

(g) *Applicability to manufacturers previously using metals other than steel.* Any manufacturer who, during the twelve months ending June 30, 1941, used metals other than steel in the production of any Group I, Group II, or Group III Products and, who uses or wishes to use steel in lieu of such other metals, may apply on Form PD–136 to the Office of Production Management for permission to convert the weight of such other metals previously used into an equivalent weight of steel for the purpose of computing such manufacturer's "Steel used" during the base period. Permission to make such conversion in a proper case will be granted only upon condition that the manufacturer agrees to use none of the metals formerly used in the production of metal office furniture and equipment.

(h) *Violations or false statements.* Any person who violates this Order, or who wilfully falsifies any records which he is required to keep by the terms of this Order, or by the Director of Priorities, or otherwise wilfully furnishes false information to the Director of Priorities or to the Office of Production Management may be deprived of priorities assistance or may be prohibited by the Director of Priorities from obtaining any further deliveries of materials subject to allocation. The Director of Priorities may also take any other action deemed appropriate, including the making of a recommendation for prosecution under section 35A of the Criminal Code (18 U.S.C. 80).

(i) *Applicability of priorities regulation no. 1.* This Order and all transactions affected thereby are subject to the provisions of Priorities Regulation No. 1, as amended from time to time, except to the extent that any provision hereof may be inconsistent therewith, in which case the provisions of this Order shall govern.

(j) *Routing of correspondence.* Reports to be filed and other communications concerning this Order shall be addressed to the Office of Production Management, Washington, D. C., Ref.: L–13.

(k) *Effective rate.* This Amendment shall take effect January 1, 1942. (P.D. Reg. 1, Aug. 27, 1941, 6 F.R. 4489; O.P.M. Reg. 3 Amended, Sept. 2, 1941; 6 F.R. 4865; E.O. 8629, Jan. 7, 1941, 6 F.R. 191; E.O. 8875, Aug. 28, 1941, 6 F.R. 4483; sec. 2 (a), Public No. 671, 76th Congress, Third Session, as amended by Public No. 89, 77th Congress, First Session; sec. 9, Public No. 784, 76th Congress, Third Session)

Issued this 31st day of December 1941.

DONALD M. NELSON,
Director of Priorities.

PART 1001—TIN

Conservation Order No. M–43–a Curtailing the Use of Tin in Certain Items

Whereas national defense requirements have created a shortage of tin for the combined needs of defense, private account, and export; and the supply now is and will be insufficient for defense and essential civilian requirements unless its use in the manufacture of many products where such use is not absolutely necessary for the defense or essential civilian requirements is curtailed or prohibited as hereinafter provided;

Now, therefore, it is hereby ordered, That:

§ 1001.2 *Conservation Order M–43–a.* (a) *Prohibition on use of tin in articles appearing on list "A":*

(1) Any person using tin in any Item on List "A" shall reduce his use of tin in any such Item between January 1 and March 31, 1942, to 50% of his use in the base period.

(2) Effective April 1, 1942, no tin shall be used in the production of any Item on List "A".

(b) *Limitation on all other uses of tin.* Any person using tin in any article not covered by paragraph (a) or (c) of this Order shall reduce his use of tin in any such article between January 1 and March 31, 1942, and during each calendar quarter thereafter to 50% of his use in the base period.

(c) *General exception.* Where and to the extent the use of any less scarce material is impracticable, the prohibitions, limitations and restrictions contained in paragraphs (a) and (b) shall not apply to the use of tin in the manufacture of any Item which is being produced:

(1) for delivery under a specific contract or subcontract for the Army or Navy of the United States, the United States Maritime Commission, the Panama Canal, the Coast and Geodetic Survey, the Coast Guard, the Civil Aeronautics Authority, the National Advisory Commission for Aeronautics, the Office of Scientific Research and Development or for any foreign country pursuant to the Act of March 11, 1941 entitled "An Act to Promote the Defense of the United States," (Lend-Lease Act) if in any such case the use of tin to the extent employed is required by the specifications of the prime contract, or

(2) to comply with Underwriters Regulations, or Safety Regulations issued under Governmental authority, provided the pertinent provisions of such Regulations were, in either case, in effect both on December 1, 1941, and on the date of such use, and specifically and exclusively require the use of tin to the extent employed, or

(3) by tin plating, terne plating, hot tinning or electroplating for use as containers or cans, or

(4) with the assistance of a preference rating of A–1–j or higher.

(d) *Prohibitions against sales or deliveries.* No person shall hereafter sell or deliver tin to any person if he knows, or has reason to believe, such material is to be used in violation of the terms of this Order.

(e) *Limitation of inventories.* No manufacturer shall receive delivery of tin, (including scrap) or products thereof, in the form of raw materials, semi-processed materials, finished parts or sub-assemblies, nor shall he put into process any raw material, in quantities which in either case shall result in an inventory of such raw, semi-processed or finished material in excess of a minimum practicable working inventory, taking into consideration the limitations placed upon the production of tin products by this Order.

(f) *Miscellaneous provisions:* (1) *Priorities Regulation No. 1.* This Order and all transactions affected thereby are subject to the provisions of Priorities Regulation No. 1 (Part 944), as amended from time to time, except to the extent that any provision hereof may be inconsistent therewith, in which case the provisions of this Order shall govern.

(2) *Appeal.* Any person affected by this order who considers that compliance therewith would work an exceptional and unreasonable hardship upon him, or that it would result in a degree of unemployment which would be unreasonably disproportionate compared with the amount of tin conserved, or that compliance with this Order would disrupt or impair a program of conversion from non-defense work to defense work, may appeal to the Office of Production Management on Form PD–229, Ref.: M–43–a, setting forth the pertinent facts and the reason he considers he is entitled to relief. The Director of Priorities may thereupon take such action as he deems appropriate.

(3) *Applicability of order.* The prohibitions and restrictions contained in this Order shall apply to the use of material in all articles hereafter manufactured irrespective of whether such articles are manufactured pusuant to a contract made prior or subsequent to the effective date hereof, or pursuant to a contract supported by a preference rating. Insofar as any other Order of the Director of Priorities may have the effect of limiting or curtailing to a greater extent than herein provided the use of tin in the production of any article, the limitations of such other Order shall be observed.

(4) *Violations or false statements.* Any person who violates this Order, or who wilfully falsifies any records which he is required to keep by the terms of this Order, or by the Director of Priorities, or who otherwise wilfully furnishes false information to the Director of Priorities or to the Office of Production Management may be deprived of priorities assistance or may be prohibited by the Director of Priorities from obtaining any further deliveries of materials subject to allocation. The Director of Priorities may also take any other action deemed appropriate, including the making of a recommendation for prosecution under section 35A of the Criminal Code (18 U.S.C. 80).

(5) *Definitions.* For the purposes of this Order:

(i) "Tin" means tin metal or the tin content of any tin bearing material (except the reuse of such metal in plates or type in the printing, publishing and related service industries) whether or not such material is first converted into tin metal, either imported from foreign

sources, or produced domestically from foreign or domestic ores, scrap or residues.

(ii) "Inventory" of a person includes the inventory of affiliates and subsidiaries of such person, and the inventory of others where such Inventory is under the control of or under common control with or available for the use of such person.

(iii) "Manufacture" means to fabricate, assemble, melt, cast, extrude, roll, turn, spin, produce, coat, or process in any other way, but does not include installation of a finished product for the ultimate consumer.

(iv) "Item" means any article or any component part thereof.

(v) "Use" means both (1) the act of putting tin into process in the manufacture of any item and (2) the act of completing the manufacture of any such item. (Where a person is limited to a percentage of the material used in a base period this limitation applies respectively to (1) the amount of material put into process during the base period and (2) to the total amount of material contained in a completed item or article multiplied by the number of such items or articles completed during the base period. Each restrictic must be applied separately.)

(vi) "Base Period" means the corresponding quarterly period in 1940.

(vii) "Put into Process" means the first change by a Manufacturer in the form of material from that form in which it is received by him.

(6) *Effective date.* This order shall take effect upon the date of issuance and shall continue in effect until revoked by the Director of Priorities. (P.D. Reg. 1, Aug. 27, 1941, 6 F.R. 4489; O.P.M. Reg. 3 Amended, Sept. 2, 1941; 6 F.R. 4865; E.O. 8629, Jan. 7, 1941, 6 F.R. 191; E.O. 8875, Aug. 28, 1941, 6 F.R. 4483; sec. 2 (a) Pub. No. 671, 76th Congress, Third Session, as amended by Public No. 89, 77th Congress, First Session; sec. 9, Public No. 783, 76th Congress, Third Session)

Issued this 31st day of December 1941.

DONALD M. NELSON,
Director of Priorities.

PART 1014—BURLAP AND BURLAP PRODUCTS

Amendment No. 1 to Order M-47 To Conserve the Supply and Direct the Distribution of Burlap and Burlap Products

Section 1014.1 (b)[1] is hereby amended to read as follows:

§ 1014.1 *Conservation Order M-47.*

* * * * *

(b) *Stockpiling of imports: Preference for heavy constructions: Releases from stockpile.* (1) Any Importer or Importing Bag manufacturer hereafter accepting delivery of Burlap from any cargo imported to continental United States, shall set aside, out of his receipts from said cargo, two-thirds of the bales he receives, and shall not dispose thereof except as expressly directed by the Office of Production Management. The bales so set aside shall be the heaviest constructions available. The remaining one-third of such receipts, and all existing spot stocks shall be distributed in accordance with the provisions of paragraph (c). Any Person securing shipping space for Burlap in Calcutta or other point of shipment for import to continental United States shall fill such shipping space with ten ounce constructions or heavier to the extent available.

(2) Importers and Importing Bag Manufacturers who have set aside Burlap in accordance with the provisions of paragraph (b) (1), not to be disposed of except as expressly directed by the Office of Production Management, shall deliver, sell, manufacture, process, use or otherwise release Burlap from the quantity so set aside, without further authorization of the Office of Production Management in the following instances:

(i) To fill any order bearing a rating of A-1-j or higher

(ii) To fill any order for Burlap to be used for sandbags or camouflage cloth placed by the Army or the Navy.

(iii) To fill any order by the Defense Supplies Corporation or other corporation, affiliate or other form of enterprise under the control of the Reconstruction Finance Corporation

(iv) To fill an order placed by a Non-Importing Bag Manufacturer or other person for Burlap to be used to fill an order of the kinds specified in subdivision (i) or (ii) hereof: *Provided, however,* That in any such case the Non-Importing Bag Manufacturer or other person placing the order shall certify the use Burlap is to be put to the Importer or Importing Bag Manufacturer. Such certification shall be a representation to the Office of Production Management that the Non-Importing Bag Manufacturer or other person requires such Burlap to fill an order of the kinds specified in subdivision (i) or (ii) above.

This order shall take effect immediately (P.D. Reg. 1, Aug. 27, 1941, 6 F.R. 4489; O. P. M. Reg. 3, as amended Sept. 12, 1941, 6 F.R. 4865; E. O. 8629, Jan. 7. 1941, 6 F.R. 191; E. PART 1029—FARM MACHINERY AND EQUIPMENT AND ATTACHMENTS AND REPAIR PARTS THEREFOR

Limitation Order No. L-26 To Restrict the Production of Farm Machinery and Equipment and Attachments and Repair Parts Therefor

Whereas the manufacture of Farm Machinery and Equipment and Attachments and Repair Parts therefor consumes large quantities of scarce materials, as hereinafter defined; the requirements of national defense have resulted in a shortage in the supply of such materials for defense, for private account and for export; it is essential to the National Defense Program that such scarce materials be conserved; and to this end, it has become necessary that certain restrictions be placed on the manufacture of Farm Machinery and Equipment and Attachments and Repair Parts therefor;

Now, therefore, it is hereby ordered, That:

§ 1029.1 *Limitation Order L-26*—(a) *Applicability of Priorities Regulation No. 1.* This Order and all transactions affected thereby are subject to the provisions of Priorities Regulation No. 1, as amended from time to time, except to the extent that any provision hereof may be inconsistent therewith, in which case the provisions of this Order shall govern.

(b) *Definitions.* For the purpose of this Order:

(1) "Person" means any individual, partnership, association, corporation, or other form of enterprise.

(2) "Producer" means any person engaged in the manufacture of Farm Machinery and Equipment or of Attachments and Repair Parts for Farm Machinery and Equipment.

(3) "Farm Machinery and Equipment" means agricultural machinery, mechanical equipment and implements used on a farm for the production or care of crops, live-stock, poultry or other produce, including horseshoes, horseshoe nails and harness hardware, but excluding Attachments and Repair Parts for Farm Machinery and Equipment and also excluding all of the following: track-laying type tractors, irrigation and drainage equipment, hand tools other than those listed on Schedule A described below, special equipment ordered by the United States Department of Agriculture, buildings and repairs thereto, fencing, poultry netting and wire, gates or wire fencing, bail ties or straps, well casing and water pipe, nails (other than horseshoe nails) and sundry hardware.

(4) "Attachments and Repair Parts" means all types of attachments to and all types of parts customarily used in conjunction with Farm Machinery and Equipment or for the repair thereof.

(5) "Scarce Material" means steel, iron, aluminum, cadmium, chromium, nickel, lead, tin, zinc, copper, antimony, molybdenum, cobalt, rubber and any other materials added to this list by amendment of this Order or by other direction of the Office of Production Management, and any commodity, equipment, accessory, part, assembly, or product of any kind in which there is contained any of the foregoing materials in any form either alone or in combination with other materials.

(c) *General restrictions.* (1) During the period November 1, 1941 to October 31, 1942, inclusive, no Producer shall:

(i) For sale in the Continental United States, manufacture a quantity of any of the classes or types of Farm Machinery and Equipment listed in Schedule A attached to and considered a part of this Order, which quantity shall be in excess of a designated percentage of said Producer's production for such sale of the same class or type of Farm Machinery and Equipment during the calendar year 1940, the percentage for each class or type being that specifically designated for such class or type in said Schedule A;

(ii) For sale in the Continental United States, use in the production of Attachments and Repair Parts, listed in said Schedule A, an amount of any Material in excess of a designated percentage of said Producer's use of that Material in the production for such sale of the same class or type of Attachments and Repair Parts during the calendar year 1940, the percentage for each class or type being that specifically designated for such class or type in said Schedule A and the amount of Material being determined by the net weight of each such material physically incorporated in the final product plus a reasonable minimum allowance for loss in any and all stages of the process of manufacture;

(iii) For export to foreign countries or to territories and possessions of the United States including the Philippine Islands, manufacture a quantity of any class or type of Farm Machinery and Equipment which is in excess of eighty per cent (80%) of the amount of the same class or type of Farm Machinery and Equipment manufactured for such export during the calendar year 1940, or use in the production of Attachments and Repair Parts an amount of any Material in excess of one hundred fifty per cent (150%) of the amount so used for export in the calendar year 1940.

(2) Every Producer shall wherever possible use conservation measures, such as substitution, redesign, and re-specification, to eliminate Scarce Material normally used; and shall plan his production schedule in accordance with the relative urgency and national need for different kinds of Farm Machinery and Equipment and Attachments and Repair Parts, subject to the provisions of this Order. The Office of Production Management may from time to time require the elimination or diminution of the use of any material, with or without the substitution of other materials, and may specify the use in the manufacture of Farm Machinery and Equipment and Attachments and Repair Parts to which specific types of material can be put.

(d) *Records.* All persons affected by this Order shall keep and preserve for not less than two years accurate and complete records concerning inventories, purchases, production and sales.

(e) *Audit and inspection.* All records required to be kept by this Order shall, upon request, be submitted to audit and inspection by duly authorized representatives of the Office of Production Management.

(f) *Reports.* All persons affected by this Order shall execute and file with the Office of Production Management such reports and questionnaires as said Office shall from time to time request.

(g) *Violations or false statements.* Any person who violates this Order or who wilfully falsifies any records which he is required to keep by the terms of this Order, or otherwise wilfully furnishes false information to the Office of Production Management may be deprived of priorities assistance or may be prohibited by the Office of Production Management from obtaining any further deliveries of materials subject to allocation. The Office of Production Management may also take any other action deemed appropriate, including the making of a recommendation for prosecution under Section 35 (A) of the Criminal Code (18 U.S.C. 60).

(h) *Appeal.* Any person affected by this order who considers that compliance therewith would work an exceptional and unreasonable hardship upon him, or that it would result in a serious problem of unemployment in the community, or that compliance with this Order would disrupt or impair a program of conversion from non-defense work, may apply for relief by addressing a letter to the Office of Production Management setting forth the pertinent facts and the reasons such person considers that he is entitled to relief. The Office of Production Management may thereupon take such action, if any, as it deems appropriate by amendment of this Order or otherwise.

(i) *Communications.* All reports to be filed, appeals and other communications concerning this Order shall be addressed to the Office of Production Management, Washington, D. C., Ref.: L-26.

(j) *Revocation or modification.* This Order and Schedule A attached hereto may be revoked, amended or modified by the Office of Production Management at any time as to all or any one or more Producers affected hereby, and by special directions issued to any Producer the Office of Production Management may change any quota of such Producer.

(k) *Effective date.* This Order shall take effect upon the date of the issuance thereof and shall continue in effect through October 31, 1942, subject to such amendments or supplements thereto as may be issued from time to time. (P.D. Reg. 1, Aug. 27, 1941; 6 F.R. 4489; O.P.M. Reg. 3 Amended, Sept. 2, 1941, 6 F.R. 4865; E.O. 8629, Jan. 7, 1941, 6 F.R. 191; E.O. 8875, Aug. 28, 1941, 6 F.R. 4483; sec. 2 (a), Public No. 671, 76th Congress, Third Session, as amended by Public No. 89, 77th Congress, First Session; sec. 9, Public No. 783, 76th Congress, Third Session)

Issued this 31st day of December 1941.

CHAPTER XI—OFFICE OF PRICE ADMINISTRATION

PART 1315—RUBBER

PRICE SCHEDULE NO. 63—RETAIL PRICES FOR NEW RUBBER TIRES AND TUBES

The outbreak of war with the Japanese Empire makes uncertain the future shipment of rubber from the Far East and necessitates for the present time a great curtailment in the consumption of rubber for new rubber tires and tubes so that the rubber stockpile already accumulated may be available for military and essential civilian purposes. There are large stocks of new rubber tires and tubes in the hands of retailers, and sales from these stocks are permitted only to

[1] 6 F.R. 6648.

those consumers who can demonstrate that it is in the national interest for them to have such new tires or tubes.

Since July 3, 1941, the Office of Price Administration with the complete cooperation of the members of the tire and tube industry has stabilized, within maximum levels, the wholesale prices received by manufacturers for new rubber tires and tubes. Stabilization of retail prices is now considered essential to the success of the Government's effort to insure that the limited number of new rubber tires and tubes available are used where they are most needed in our economy.

The maximum retail prices set forth in this Schedule are established, after investigation and conferences with members of both the manufacturing and distributive phases of the industry, on the basis of price lists presently used by the industry and which were so used shortly before the outbreak of the war in the Pacific. Observance of this Schedule will be fair to buyers and to sellers alike, and will further the Government's program for the allocation of rubber tires and tubes to consumers.

Accordingly, under the authority vested in me by Executive Order No. 8734, it is hereby directed that:

§ 1315.101 *Maximum retail prices for new rubber tires and tubes.* On and after January 5, 1942, regardless of the terms of any contract of sale or other commitment, no person shall sell, offer to sell, deliver or transfer, at retail, any new rubber tire or tube, at prices higher than the maximum prices set forth in Appendices A and B, hereof, incorporated herein as § 1315.110 and § 1315.111.*

*§§ 1315.101 to 1315.111, inclusive, issued pursuant to authority contained in E.O. Nos. 8734, 8875, 6 F.R. 1917, 4483.

§ 1315.102 *Less than maximum prices.* Lower prices than those set forth in Appendices A and B may be charged or demanded.*

§ 1315.103 *Evasion.* The price limitations set forth in this Schedule shall not be evaded whether by direct or indirect methods in connection with the sale, delivery, or transfer of a new rubber tire or tube, alone or in conjunction with any other article or material, or by way of any commission, service, transportation, or other charge, or by tying-agreement or other trade understanding, or by increasing the charges for the extension of credit or for the mounting of a tire or tube on a vehicle or for any other service over those in effect on November 25, 1941, or by making terms and conditions of sale more onerous to purchasers than those available or in effect on November 25, 1941, or by any other means. The purchaser shall always have the option of paying at the time of the purchase the full cash price of the tire or tube, which shall not exceed the maximum price less any trade-in allowance. He shall also have the option of receiving delivery of such tire or tube at the seller's place of business, without having it mounted on a vehicle or having any other service performed.*

§ 1315.104 *Posting of prices.* Every person engaged in the business of selling new rubber tires or tubes at retail, shall keep posted in a conspicuous place in each retail establishment at which such tires or tubes are offered for sale, a price list setting forth the maximum retail prices applicable to such tires or tubes. Such statement shall be prepared and posted not later than 8:00 a. m. on January 5, 1942. Lists of maximum prices computed under the terms of this Schedule and prepared by manufacturers of manufacturers' brands and by owners of private brands, may be used for this purpose if received by the seller in time.

If on November 25, 1941 the seller made special charges for the extension of credit or for the mounting of tires and tubes or for any other services, and if he desires to continue such charges after January 5, 1942, such seller shall prepare a notarized statement listing the prices charged on November 25, 1941 for such extra services, and shall post such statement not later than 8:00 a. m. on January 5, 1942 along with the list of maximum tire and tube prices required to be posted by this section.*

§ 1315.105 *Records and reports.* Every person engaged in the business of selling new rubber tires or tubes at retail shall keep for inspection by the Office of Price Administration for a period of not less than one year, complete and accurate records of every such sale of such articles, showing the date thereof, the name and address of the purchaser, the price, and the brand name, size, and quantity of all new rubber tires or tubes sold.

Persons affected by this Schedule shall submit such reports to the Office of Price Administration as it may, from time to time, require.*

§ 1315.106 *Enforcement.* In the event of refusal or failure to abide by the price limitations, posting or record requirements, or other provisions of this Schedule, or in the event of evasion or attempt to evade the price limitations, or other provisions of this Schedule, the Office of Price Administration will make every effort to assure (a) that the Congress and the public are fully informed thereof; (b) that the powers of Government both state and federal are fully exerted in order to protect the public interest and the interests of those persons who comply with the Schedule; (c) that full advantage will be taken of the cooperation of the various political subdivisions of state, county and local government by calling to the attention of the proper authorities failures to comply with this Schedule which may be regarded as grounds for the revocation of licenses and permits, and (d) that the Rubber Reserve Company and the procurement services of the Government are requested to refrain from selling to or purchasing from those persons who fail to comply with this Schedule. Persons who have evidence of the receipt or demand of prices higher than the maximum prices or of any evasion or effort to evade the provisions hereof are urged to communicate with the Office of Price Administration.*

§ 1315.107 *Modification of the schedule.* Persons complaining of hardship or inequity in the operation of this Schedule may apply to the Office of Price Administration for approval of any modification thereof or exception therefrom: *Provided*, That no application under this section will be considered unless filed by persons complying with this Schedule.*

§ 1315.108 *Definitions.* When used in this Schedule, the term:

(a) "Person" means an individual, partnership, association, corporation, or other business entity;

(b) "Sale at retail" means any sale to a purchaser for use by such purchaser and not for resale;

(c) "New rubber tire or tube" means any of the new rubber tires or tubes expressly covered by Appendix A hereof, incorporated herein as § 1315.110;

(d) "Manufacturers' brands" of new rubber tires or tubes means all tires or tubes marketed under brand names owned by the manufacturer of such tires or tubes;

(e) "Private brands" of new rubber tires or tubes means all tires or tubes marketed under brand names not owned by the manufacturer of such tires or tubes.*

§ 1315.109 *Effective date of this schedule.* This Schedule shall become effective on January 5, 1942.*

§ 1315.110 *Appendix A; maximum retail prices for manufacturers' brands of new rubber tires and tubes.* The following prices are the maximum prices that may be charged at retail for new rubber tires or tubes at the seller's place of business. The maximum prices set forth herein may not be exceeded for any such sale, even though in a particular case no used tire or tube is traded in. If a used tire or tube is traded in, the trade-in allowance shall be deducted from the maximum price.

The actual dollar amount of the Federal Excise Tax paid on any tire or tube may in each case be added to the maximum price established by this Schedule.

(a) The maximum retail prices for manufacturers' brands of passenger-car tires (4 ply) and truck tires (10 ply) listed in paragraph (b) below shall be:

The Falls Rubber Company, Evergreen, $3.05.

Fisk Tires & Tubes, Safti-Base, $2.75.

Fleetwood Tire & Rubber Company, Heavy Duty Red, $1.95.

The Giant Tire & Rubber Company, Deluxe, $3.20.

Lee Tire & Rubber Company, Heavy Duty Red, $3.35.

McCreary Tire & Rubber Company, Super Heavy Duty, $2.75.

The Norwalk Tire & Rubber Company, Extra Heavy Duty Carbon Base Pinch Proof, $2.57.

The Pharis Tire & Rubber Company, Heavy Duty, $1.95.

(2) The maximum retail prices for 8.25–20 truck tubes carrying the brand names of certain manufacturers shall be as follows:

Manufacturers, Brands of Truck Tubes, and Maximum Prices

Carlisle Tire & Rubber Company, Heavy Duty T & B, $7.80.

Columbia Tire & Rubber Company, Columbia Black, $7.80.

Dunlop Tire and Rubber Corporation, Gold Cup, $9.15.

Fleetwood Tire & Rubber Company, Fleetwood Black, $7.80.

The Norwalk Tire & Rubber Company, Extra Heavy Duty Carbon Base, $9.81.

The Pharis Tire & Rubber Company, Heat Proof, $7.80.

(f) The maximum retail prices for all sizes not included in paragraph (a) shall be calculated for manufacturers' brands of passenger-car tires (4 ply) included in paragraph (b) as follows:

(1) Take the manufacturer's consumer list price in effect November 25, 1941 for the unlisted size of tire and express it as a percentage of the manufacturer's consumer list price of the same date for the 6.00—16 passenger-car tire included in paragraph (b).

(2) Apply this percentage to the maximum price for the 6.00—16 (4 ply) passenger-car tire as shown in paragraph (a).

Example. On a November 25, 1941 consumer list for one of the brands of passenger-car tires shown in paragraph (b), the 6.00—16 tire was listed at $15.00. On the same date an odd sized tire was listed at $18.00. Dividing the 18 by the 15, it appears that the odd sized tire was listed at 120 per cent of the 6.00—16 size tire. Since the 6.00—16 tire is now not to sell in excess of $14.75, the odd sized tire may not sell in excess of 120 per cent of $14.75, or $17.70.

(g) The maximum retail prices for all sizes not included in paragraph (a) shall be calculated for manufacturers' brands of truck tires (10 ply) included in paragraph (b) as indicated in paragraph (f), except that the 8.25—20 truck tire shall replace the 6.00—16 passenger-car tire in making the calculations.

(h) The maximum retail prices for all sizes not included in paragraph (c) shall be calculated for manufacturer's brands of passenger-car and truck tubes included in paragraph (d) as indicated in paragraph (f), using the appropriate price for the 6.00—16 size tube in all calculations for passenger-car tubes and the appropriate price for the 8.25—20 size tube for truck tubes. The same calculations shall be made for all sizes not specified in paragraph (e) of the brands included in that paragraph.

(i) The maximum retail prices for all other lines, levels, qualities, or weights of passenger-car and truck tires and tubes sold under manufacturers' brands of the manufacturers listed in paragraphs (b), (d), and (e) for which maximum retail prices are not specifically fixed by this Schedule shall be calculated as follows:

(1) Take the manufacturer's consumer list price in effect November 25, 1941 for the particular brand, line, level, quality, or weight of tire or tube for which no maximum price is specifically fixed by this Schedule and express it as a percentage of the manufacturer's consumer list price of the same date for the corresponding size of the brand of this manufacturer for which a maximum price is specifically fixed by this Schedule.

(2) Apply this percentage to the maximum price, for the corresponding size, set forth in paragraph (a), for tires, and paragraphs (c) and (e), for tubes.

Example. On a November 25, 1941 manufacturer's consumer list for one of the brands of passenger-car tires shown in paragraph (b), the 6.00—16 size (4 ply) was listed at $16.00. On the same date the 6.00—16 size (4 ply) of a lower quality brand of the same manufacturer had a list price of $12.00. Dividing the 12 by the 16, it appears that the lower quality brand was listed at 75 percent of the price of the brand listed in paragraph (b). Since the 6.00—16 size (4 ply) of the brand listed in paragraph (b) is now to sell not in excess of $14.75, the 6.00—16 size (4 ply) of the lower quality brand may not sell in excess of 75 percent of $14.75 or $11.05.

(j) The maximum retail prices for manufacturers' brands of passenger-car tires other than 4 ply and truck tires other than 10 ply shall be calculated to maintain the relationship expressed in paragraph (i) above.

(k) For manufacturers who do not have a consumer list, the calculations of the percentages called for in paragraphs (f), (g), (h), (i), and (j), shall be made on the basis of the manufacturer's selling price list.

(l) The maximum retail prices for manufacturers' brands of passenger-car and truck tires and tubes owned by manufacturers not listed in paragraphs (b), (d), and (e) shall be those given in paragraph (a) for tires and paragraph (c) for tubes.

§ 1315.111 *Appendix B; maximum retail prices for private brands of new rubber tires and tubes.* The following prices are the maximum prices that may be charged at retail for new rubber tires or tubes at the seller's place of business. The maximum prices set forth herein may not be exceeded for any such sale, even though in a particular case no used tire or tube is traded in. If a used tire or tube is traded in, the trade-in allowance shall be deducted from the maximum price.

The actual dollar amount of the Federal Excise Tax paid on any tire or tube may in each case be added to the maximum price established by this Schedule.

(a) The maximum retail prices for private brands of passenger-car tires (4 ply) and truck tires (10 ply) listed in paragraph (b) below shall be:

(e) (1) The maximum retail prices for 6.00/6.25–16 passenger-car tubes carrying the brand names of certain distributors shall be as follows:

Distributors, Brands of Passenger-Car Tubes, Maximum Prices

American Tire Alliance, Tri-Flex, $2.15.

Englert Tire & Rubber Company, Red Seal, $2.60.

Fordham Tire Company, Vanderbilt Deluxe, $2.45.

Hibbard, Spencer, Bartlett and Company, Inner Tube, $2.11.

Indiana Farm Bureau Cooperative Association, Incorporated, Heavy Duty, $2.25.

Moore's Auto Accessories, Deluxe, $2.45.

Ohio Oil Company, Regular, $2.11.

Sears, Roebuck & Company, Allstate Extra Heavy Red, $2.20.

Shapleigh's Hardware Company, Good Service, $2.11.

Triplex Tire Company, Extra Heavy Hi-Tex Pinch Proof, $3.45.

United Tire Company, Savoy Red Passenger, $2.75.

Vogue Rubber Company, Red Pinch Proof, $5.10.

The maximum retail prices for 8.25—20 truck tubes carrying the brand names of certain distributors shall be as follows:

Distributors, Brands of Truck Tubes, and Maximum Prices

American Tire Alliance, All Service Truck & Bus, $10.25.

Atlas Supply Company, Truck Coach Tube, $8.95.

Englert Tire & Rubber Company, Gold Seal, $9.65.

Fordham Tire Company (Vanderbilt Tire Company), Vanderbilt Truck and Bus Tube, $10.25.

Hicks Rubber Company, Incorporated, Star Deluxe, $10.25.

Indiana Farm Bureau Cooperative Association, Incorporated, Super Heavy Duty Black, $10.25.

Ohio Oil Company, Linco Truck & Bus, $9.32.

Standard Rubber Company, Heavy Black, $10.25.

Tru Test Marketing & Merchandising Corporation, Heavy Service, $8.75.

(f) The maximum retail prices for all sizes not included in paragraph (a) shall be calculated for the private brands of passenger-car tires (4-ply) included in paragraph (b) as follows:

(1) Take the consumer list price in effect November 25, 1941 for the unlisted size of tire and express it as a percentage of the consumer list price of the same date for the 6.00—16 passenger-car tire included in paragraph (b).

(2) Apply this percentage to the maximum price for the 6.00—16 (4-ply) passenger-car tire as shown in paragraph (a).

Example: On a November 25, 1941 consumer list for one of the brands of passenger-car tires shown in paragraph (b) the 6.00—16 tire was listed at $12.00. On the same date an odd-sized tire was listed at $14.40. Dividing the 14.40 by the 12, it appears that the odd-sized tire was listed at 120 per cent of the 6.00—16 size tire. Since this 6.00—16 tire is now not to sell in excess of $13.25, the odd size may not sell in excess of 120 percent of $13.25 or $15.90.

(g) The maximum retail prices for all sizes not included in paragraph (a) shall be calculated for private brands of truck tires (10 ply) included in paragraph (b), as indicated in paragraph (f) except that the 8.25—20 truck tire shall replace the 6.00—16 passenger-car tire in making the calculation.

(h) The maximum retail prices for all sizes not included in paragraph (c) shall be calculated for private brands of passenger-car and truck tubes included in paragraph (d) as indicated in paragraph (f), using the appropriate price for the 6.00—16 size tube in all calculations for passenger-car tubes and the appropriate price for the 8.25—20 size tube for truck tubes. The same calculations shall be made for all sizes not specified in paragraph (e) of the brands included in that paragraph.

(i) The maximum retail prices for all other lines, levels, qualities or weights of passenger-car and truck tires and tubes sold under private brands by the distributors listed in paragraphs (b), (d), and (e) for which maximum retail prices are not specifically fixed by this schedule shall be calculated as follows:

(1) Take the consumer list price in effect November 25, 1941 for the particular brand, line, level, quality or weight of tire or tube for which no maximum price is specifically fixed by this schedule and express it as a percentage of the consumer list price of the same date for the corresponding size of the brand of this distributor for which a maximum price is specifically fixed by this schedule.

(2) Apply this percentage to the maximum price, for the corresponding size, set forth in paragraph (a), for tires, and paragraphs (c) and (e), for tubes.

Example: On a November 25, 1941 consumer list for one of the brands of passenger-car tires shown in paragraph (b), the 6.00—16 size (4 ply) was listed at $14.00. On the same date the 6.00—16 size (4 ply) of a lower quality private brand tire handled by the same distributor had a list price of $11.20. Dividing the 11.20 by the 14, it appears that the lower quality brand was listed at 80 percent of the price of the brand listed in paragraph (b). Since the 6.00—16 size (4 ply) of the brand listed in paragraph (b) is now not to sell in excess of $13.25, the 6.00—16 size (4 ply) of the lower quality brand may not sell in excess of 80 per cent of $13.25 or $10.40.

(j) The maximum retail prices for private brands of passenger-car tires other than 4 ply and truck tires other than 10 ply shall be calculated to maintain the relationship expressed in paragraph (i) above.

(k) For private brand distributors who do not have a consumer list, the calculations of the percentages called for in paragraphs (f), (g), (h), (i), and (j) may be made on the basis of wholesale price lists.

(l) The maximum retail prices for private brands of passenger-car and truck tires and tubes owned by distributors not listed in paragraphs (b), (d), and (e) shall be those given in paragraph (a) for tires and paragraph (c) for tubes.

Issued this 30th day of December 1941.

Administrator.

PART 1351—FOODS AND FOOD PRODUCTS

AMENDMENT NO. 3 TO PRICE SCHEDULE NO. 50 [1]—GREEN COFFEE

Paragraph (b) of § 1351.1 and § 1351.6 are hereby amended to read as follows:

§ 1351.1 *Maximum prices for green coffee.*

* * * * * * *

(b) The maximum prices shall include all commissions and all other charges, except that:

(1) Increases or decreases in the charges prevailing prior to the opening of business on December 8, 1941 for ocean freight, war risk insurance, and marine insurance shall be added to or subtracted from the maximum prices respectively.

(2) If the services of a broker or brokers are required either at the port of entry or in a secondary market, a commission or commissions which in the aggregate shall not exceed one percent of the maximum price may be added to the maximum price.

§ 1351.6 *Evasion.* The price limitations set forth in this Schedule shall not be evaded whether by direct or indirect methods in connection with a purchase, sale, delivery, or transfer of green coffee, or by way of premium, commission, service, transportation, or other charge, or by any other trade understanding, or by making the discounts given or other terms and conditions of sale more onerous to the purchaser than those available or in effect on December 8, 1941, or by any other means.

(Executive Orders Nos. 8734, 8875, 6 F.R. 1917, 4483)

This Amendment No. 3 shall become effective December 29, 1941. Issued this 30th day of December, 1941.

CHAPTER XIII—OFFICE OF PETROLEUM COORDINATOR FOR NATIONAL DEFENSE

[Recommendation No. 23]

PART 1504—PROCESSING AND REFINING

PRODUCTION OF ALKYLATE FOR USE IN MANUFACTURE OF 100 OCTANE AVIATION GASOLINE

To Texaco Development Corporation, Shell Development Company, Standard Oil Development Company, Anglo-Iranian Oil Co. Ltd. of England, Universal Oil Products Company, and the affiliates of said companies:

The national defense program of the United States requires that the production of 100 octane aviation gasoline be greatly increased.

The Office of Petroleum Coordinator for National Defense has conducted a survey of petroleum refining operations in the United States to determine the processes now employed in the production of 100 octane aviation gasoline, the raw materials available for the further expansion of such production, and the steps that can be taken to meet the vastly increased demands for such 100 octane aviation gasoline;

That survey indicates the following facts, among others:

(a) A large percentage of the 100 octane aviation gasoline currently produced in the United States is made by blending with other components approximately an equal quantity of a synthetic hydrocarbon product known as "alkylate", produced by a process known as "sulfuric acid alkylation";

(b) The raw materials, such as butane, isobutane and olefins, suitable for use in the manufacture of "alkylate" by the "sulfuric acid alkylation process" can be made available in sufficient quantities to meet the greatly expanded demand for "alkylate" induced by the substantially increased demand for 100 octane aviation gasoline if refiners now producing "alkylate" increase their production from existing plants, and if such refiners and other refiners are immediately encouraged to install improvements and additions to existing plants and also new plants to be operated by such refiners on raw materials supplied by them or purchased from others;

(c) The "sulfuric acid alkylation process" was developed contemporaneously along parallel, overlapping and supplementary lines in Holland, England and the United States by the following companies, each of which was engaged independently in extensive research and development work related to said process, namely: Texaco Development Corporation, Shell Development Company, Standard Oil Development Company, Anglo-Iranian Oil Company, Ltd., of England, Universal Oil Products Company, and the affiliates of said companies.

In order to augment immediately and substantially the supply of "alkylate" for the production of 100 octane aviation gasoline it is essential that the most complete technical data with respect to the "sulfuric acid alkylation process" and all necessary patent licenses for the practice of such process be offered at once to all petroleum refiners under such terms and conditions as will facilitate the participation of such refiners in the expanded 100 octane aviation gasoline production program referred to above.

The Office of Petroleum Coordinator for National Defense has been advised by the companies named above that the said companies are willing to revise the terms of the existing licenses issued by them covering the use of the "sulfuric acid alkylation process" in order to aid in obtaining a substantial expansion of the production of "alkylate."

Therefore, in order to aid in increasing the production of 100 octane aviation gasoline by augmenting the production of "alkylate" by use of the "sulfuric acid alkylation process," and pursuant to the President's letter of May 28, establishing the Office of Petroleum Coordinator for National Defense, I do hereby recommend that immediately and until further notice:

§ 1504.19 *Standardize design of alkylation plants.* Texaco Development Corporation, Shell Development Company, Standard Oil Development Company, Anglo-Iranian Oil Company, Ltd. of England, Universal Oil Products Company, and the affiliates of said companies shall immediately negotiate with each other and with competent engineering and contracting firms to standardize as far as is possible the design of and operating and technical data with respect to sulfuric acid alkylation plants, and to make available to the petroleum refining industry, directly or through agents and engineering contractors, such standardized design and operating and technical data so as to permit any petroleum refiner to make or have made prompt and reliable engineering estimates, and obtain technical assistance and data with respect to all matters relating to the cost and operation of sulfuric acid alkylation plants or units best suited to such refiner's needs.*

*§ 1504.19 and § 1504.20 issued under the authority contained in the President's letter of May 28, 1941, to the Secretary of the Interior (6 F.R. 2760).

§ 1504.20 *Terms of licenses for use of sulfuric acid alkylation process.* The companies named in § 1504.19 shall unite in offering to petroleum refiners new licenses covering the use of the "sulfuric acid alkylation process" under the patent rights owned by such companies on said process, the terms and conditions of such licenses first to be approved by the Chief Counsel of the Office of Petroleum Coordinator for National Defense, and such licenses shall contain the following terms, among others:

(a) On the normal or unrestricted commercial production of "alkylate" by the refiner-licensee, the royalty to be collected from said refiner-licensee shall be reduced from the present rate of 42 cents per barrel of "alkylate" produced to a rate not in excess of 30 cents per barrel of "alkylate" produced;

(b) On "alkylate" produced and sold by the refiner-licensee either to the armed forces of the United States or upon the direct or indirect request or order of the United States or any agency thereof for the use of the armed forces of the United States or any foreign country, the royalty to be collected from said refiner-licensee shall be reduced from the present rate of 42 cents per barrel to a rate not in excess of 21 cents per barrel of "alkylate" so produced and sold during the period commencing with the date of issuance of this Recommendation and ending July 1, 1943, and not in excess of 15 cents per barrel of "alkylate" so produced and sold from and after July 2, 1943;

(c) All technical data, information, improvements, and technical assistance required or appropriate for the construction and operation of plants for the practice of the "sulfuric acid alkylation process" shall be made available readily and continuously to licensees.*

Petroleum Coordinator for National Defense.

CHAPTER XV—DEFENSE COMMUNICATIONS BOARD

[Order No. 1]

PART 1700—SHIP RADIO STATIONS

§ 1700.1 *Authorization of Navy Department to use, control, supervise, inspect or close radio stations and facilities aboard vessels.* Whereas The Defense Communications Board has by the Executive Order of December 10, 1941 [1] been authorized, if the national security and defense and the successful conduct of the war so demand, to prescribe classes and types of radio stations and facilities or portions thereof which shall be subject to use, control, supervision, inspection, or closure, in accordance with such prescription, by the Department of War, Department of Navy, or other agency of the United States Government, designated by the Board;

And whereas The Defense Communications Board has determined that the national security and defense and the successful conduct of the war so demand;

Now, therefore, by virtue of authority vested in the Board under the aforementioned Executive Order, the Board hereby directs that all radio stations and facilities aboard all vessels, as defined in Title 1, section 3, of the United States Code, domestic and foreign, within the jurisdiction of the United States shall be subject to such use, control, supervision, inspection, or closure by the Navy Department in accordance with the terms of the said Executive Order as may be deemed necessary for the national security and defense and the successful conduct of the war by the Secretary of the Navy, under such regulations as he may prescribe.

Subject to such further order as the Board may deem appropriate. (E.O. 8964, 6 F.R. 6368)

CHAPTER I—COAST GUARD, DEPARTMENT OF THE NAVY

PART 9—GENERAL LICENSES FOR MOVEMENTS OF VESSELS WITHIN, OR DEPARTURE FROM, TERRITORIAL WATERS

By virtue of the authority vested in me by § 6.6 (d) of this chapter,[1] and in accordance with the provisions of § 9.1 (c) (1),[2] I hereby find that the continuance in force of General License No. 1 (§ 9.1 *General License No. 1*) with respect to the territorial waters hereinafter described would be inimical to the interests of national defense and of the safety and protection of vessels or the territorial waters, and accordingly said General License No. 1 (§ 9.1 *General License No. 1*) is hereby revoked to the extent of its applicability to the following described territorial waters of the United States:

The waters of the State of Rhode Island commonly known as the West Passage of Narragansett Bay and the Sakonnet River. (33 CFR 6.6 (d))

[Docket No. 1671-FD]

IN THE MATTER OF FOREST CITY COAL COMPANY, REGISTERED DISTRIBUTOR, REGISTRATION NO. 3092, RESPONDENT

ORDER FOR RESTORATION OF REGISTRATION

The Director, on November 15, 1941, having made Findings of Fact, Conclusions of Law and Opinion and entered an Order based thereon suspending the Registration as a distributor of the respondent, the Forest City Coal Company, Registration No. 3092, for a period of thirty (30) days from the date of said Order; and

Said Order having been served upon the respondent on November 21, 1941; and

The Forest City Coal Company, the respondent in the above-entitled matter, having filed with the Division on December 17, 1941, an affidavit dated December 15, 1941, pursuant to the provisions of said Order dated November 15, 1941, and § 304.15 of the Rules and Regulations for the Registration of Distributors; and

It appearing to the Acting Director from the affidavit of the respondent dated December 15, 1941 that the respondent, the Forest City Coal Company, has complied with the provisions of said Order and § 304.15 of the Rules and Regulations for the Registration of Distributors;

Now, therefore, it is ordered, That the registration of the Forest City Coal Company as a distributor be, and it hereby is, restored as of December 22, 1941.

Dated: December 27, 1941.

[Docket No. A-1202]

PETITION OF DISTRICT BOARD NO. 2 FOR A CHANGE IN SHIPPING POINTS OF MINE INDEX NO. 371

ORDER GRANTING TEMPORARY RELIEF AND CONDITIONALLY PROVIDING FOR FINAL RELIEF

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, has been duly filed with this Division by the above-named party, alleging that the price classifications and minimum prices have been established for the coals of El Dorado Mine (Mine Index No. 371) of P & O Construction Company, a code member in District No. 2, for rail shipments on Baltimore & Ohio Railroad from Bruin, Pennsylvania, and on Western Allegheny Railroad from Hooker, Pennsylvania, and that Freight Origin Group No. 17 has been assigned to this mine for such shipments; that conditions beyond the producer's control have made it necessary to discontinue such shipments from Bruin, Pennsylvania; and that the application of the adjustments required or permitted of mines in Freight Origin Group 17, to such shipments, which now must be made only from Hooker, Pennsylvania, denies to this mine its existing fair competitive opportunities. The petition requests that Freight Origin Group No. 21 be assigned to the El Dorado Mine.

It appears that Freight Origin Group No. 21 is the proper freight origin group for mines making rail shipments only from Hooker, Pennsylvania, on the Western Allegheny Railroad.

It appears that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention have been filed with the Division in the above-entitled matter; and

The following action is deemed necessary in order to effectuate the purposes of the Act;

It is therefore ordered, That, pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith, the price classifications and minimum prices effective for the coals of the El Dorado Mine (Mine Index No. 371) of the P & O Construction Company for rail shipments shall be applicable only for shipments on Western Allegheny Railroad from Hooker, Pennsylvania, and shall no longer be applicable for shipments on Baltimore & Ohio Railroad from Bruin, Pennsylvania. All allowances or adjustments required or permitted mines in Freight Origin Group No. 21 shall be applicable for such shipments of the coals of the El Dorado Mine on Western Allegheny Railroad from Hooker, Pennsylvania.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to sec-

tion 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order unless it shall otherwise be ordered.

Dated: December 29, 1941.

Acting Director.

[Docket No. B-95]

IN THE MATTER OF MOHAWK MINING COMPANY, A CORPORATION, A CODE MEMBER, DEFENDANT

ORDER CORRECTING ERROR IN NOTICE OF AND ORDER FOR HEARING

A Notice of and Order for Hearing having been issued in the above-entitled matter on November 10, 1941; and

It appearing in the last paragraph of said Order that the Mohawk Mine (Mine Index No. 326) of the Mohawk Mining Company, defendant in the above-entitled proceeding, is erroneously stated to be located in Clearfield County, Pennsylvania, District No. 1, whereas official files of the Division show said mine as located in Armstrong County, Pennsylvania, District No. 1.

Now, therefore, it is ordered, That the last paragraph of the aforesaid Order now reading in part "• • • coal produced at the defendant's Mohawk Mine (Mine Index No. 326) located in Clearfield County, Pennsylvania, District No. 1 • • •" be, and it hereby is, corrected to read "• • • coal produced at the defendant's Mohawk Mine (Mine Index No. 326) located in Armstrong County, Pennsylvania, District No. 1 • • •"

[Docket No. 1817-FD]

IN THE MATTER OF MALONE COAL COMPANY, (W. R. MALONE), DEFENDANT

ORDER GRANTING APPLICATION FOR RESTORATION OF CODE MEMBERSHIP

A written complaint dated July 24, 1941, having been filed herein by the Bituminous Coal Producers Board for District No. 3 on July 25, 1941, pursuant to sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937 (the "Act") alleging wilful violation by the Malone Coal Company (W. R. Malone), Philippi, West Virginia, of the Bituminous Coal Code and rules and regulations thereunder; and

The Acting Director on December 15, 1941, having made Findings of Fact, Conclusions of Law and Opinion and entered an Order based thereon revoking the code membership of Malone Coal Company (W. R. Malone), effective fifteen (15) days from the date thereof, and said Order of Revocation having been duly served upon the Malone Coal Company (W. R. Malone); and

The Malone Coal Company (W. R. Malone) having filed with the Division its application for restoration of its code membership to become effective simultaneously with the effective date of said cancellation and revocation of its code membership; and

It appearing from said application that the Malone Coal Company (W. R. Malone) paid to the Collector of Internal Revenue at Parkersburg, West Virginia, the sum of Seventy-seven dollars and six cents ($77.06) as provided in said Order of December 15, 1941, as a condition precedent to restoration of its Code Membership;

Now, therefore, it is ordered, That said application of the Malone Coal Company (W. R. Malone) for restoration of its code membership be and the same hereby is granted.

It is further ordered, That said restoration of the code membership of the Malone Coal Company (W. R. Malone) shall become effective simultaneously with the effective date of said cancellation and revocation of code membership.

Dated: December 30, 1941.

Wage and Hour Division.

NOTICE OF ISSUANCE OF SPECIAL CERTIFICATES FOR THE EMPLOYMENT OF LEARNERS UNDER THE FAIR LABOR STANDARDS ACT OF 1938

Notice is hereby given that Special Certificates authorizing the employment of learners at hourly wages lower than the minimum rate applicable under section 6 of the Act are issued under section 14 thereof and § 522.5 (b) of the Regulations issued thereunder (August 16, 1940, 5 F.R. 2862) to the employers listed below effective January 1, 1942.

The employment of learners under these Certificates is limited to the terms and conditions as designated opposite the employer's name. These Certificates are issued upon the employer's representations that experienced workers for the learner occupations are not available for employment and that they are actually in need of learners at subminimum rates in order to prevent curtailment of opportunities for employment. The Certificates may be cancelled in the manner provided for in the Regulations and as indicated on the Certificate. Any person aggrieved by the issuance of these Certificates may seek a review or reconsideration thereof.

FEDERAL COMMUNICATIONS COMMISSION.

[Docket No. 6223]

IN RE APPLICATION OF WICHITA BROADCASTING CO. (FWFT)

NOTICE OF HEARING

Application dated March 2, 1941, for modification of license; class of service, broadcast; class of station, broadcast; location, Wichita Falls, Texas; operating assignment specified: Frequency, 620 kc.; power, 5 kw. (DA—night and day); hours of operation, unlimited.

You are hereby notified that the Commission has examined the above described application and has designated the matter for hearing for the following reasons:

1. To determine the extent of any interference which would result from the simultaneous operation of Station KWFT as proposed herein and Station WROL.

2. To determine the areas and populations which would be deprived of primary service, particularly from Station WROL as a result of the operation of Station KWFT as proposed herein and what other broadcast service is available to these areas and populations.

3. To determine the extent of any interference which would result from the simultaneous operation of Station KWFT as proposed herein and the operation of Station WROL as proposed in Application B3-ML-1062, as well as the areas and populations affected thereby, and what other broadcast service is available to these areas and populations.

4. To determine the extent of the interference which KWFT operating as proposed herein would cause to Station CKCK, Regina, Saskatchewan, and Station XENK, Mexico D.F.

5. To determine the areas and populations which would gain primary service should this application be granted, and what other broadcast service is available to these areas and populations.

6. To determine whether operation of KWFT as proposed would be consistent with the Standards of Good Engineering Practice, particularly as to population residing within the "blanket area" (250 mv/m contour).

7. To determine whether the granting of this application would tend toward a fair, efficient and equitable distribution of radio service as contemplated by Section 307 (b) of the Communications Act of 1934, as amended.

8. To ascertain the source of all funds invested in the licensee and the source of all funds to be used in the financing of the proposed construction.

9. To ascertain the relationship, if any, direct or indirect, of the licensee, its officers, directors and stockholders with any persons engaged in the control, ownership, operation or business of Station XEAW, Reynosa, Mexico.

10. To determine whether in view of the facts adduced under the foregoing issues, public interest, convenience and necessity would be served through the granting of this application.

The application involved herein will not be granted by the Commission unless the issues listed above are determined in favor of the applicant on the basis of a record duly and properly made by means of a formal hearing.

The applicant is hereby given the opportunity to obtain a hearing on such issues by filing a written appearance in accordance with the provisions of § 1.382 (b) of the Commission's Rules of Practice and Procedure. Persons other than the applicant who desire to be heard must file a petition to intervene in accordance with the provisions of Section 1.102 of the Commission's Rules of Practice and Procedure.

The applicant's address is as follows:

Wichita Broadcasting Co., Radio Station KWFT, 800 Eighth St., Wichita Falls, Texas.

Dated at Washington, D. C., December 29, 1941.

[Docket No. 6005]

IN RE APPLICATION OF THE ASSOCIATED BROADCASTERS, INCORPORATED (KSFO)

AMENDED NOTICE OF HEARING

Application dated February 26, 1940, for construction permit; class of service, broadcast; class of station, broadcast; location, San Francisco, California; operating assignment specified: Frequency, 740 kc.; power, 50 kw. (DA-night & day); hours of operation, unlimited.

Upon further examination of the above described application the Commission has *amended* the issues on which the hearing will be based, as shown below, and has consolidated the matter with the application of Pacific Agricultural Foundation, Ltd. (KQW), Docket No. 6214.

1. To determine the character of the proposed program service.

2. To determine the relationships, the nature, extent and effect thereof existing between the applicant, its officers, directors and stockholders, and the Educational Broadcasting Corporation, licensee of Station KROW.

3. To determine the areas and populations now receiving primary service from Station KROW which would receive primary service from Station KSFO as proposed.

4. To determine the areas and populations now receiving primary service from Station KSFO which may be expected to lose such service should this application be granted, and what other broadcast service is available to these areas and populations.

5. To determine the areas and populations which may be expected to gain primary service should Station KSFO operate as proposed, and what other broadcast service is available to these areas and populations.

6. To determine whether the operation of Station KSFO, as proposed, would be consistent with the Standards of Good Engineering Practice, particularly as to the population residing within the predicted 250 mv/m contour ("blanket area").

7. To determine whether the granting of this application and the operation, as proposed herein, would serve public interest, convenience and necessity better than the operation of Station KQW as presently authorized, or as proposed in Docket No. 6214.

8. To determine whether public interest, convenience and necessity requires that the license of Station KQW be modified so as to authorize operation on the frequency 560 kilocycles in lieu of its present operation on 740 kilocycles.

9. To determine whether the granting of this application and the application of Pacific Agricultural Foundation Ltd., Docket No. 6214 or either of them would serve public interest, convenience and necessity.

The application involved herein will not be granted by the Commission unless the issues listed above are determined in favor of the applicant on the basis of a record duly and properly made by means of a formal hearing.

The applicant is hereby given the opportunity to obtain a hearing on such issues by filing a written appearance in accordance with the provisions of § 1.382 (b) of the Commission's Rules of Practice and Procedure. Persons other than the applicant who desire to be heard must file a petition to intervene in accordance with the provisions of § 1.102 of the Commission's Rules of Practice and Procedure.

The applicant's address is as follows:

The Associated Broadcasters, Inc., Radio Station KSFO, Palace Hotel Bldg., 140 Jessie St., San Francisco, Calif.

Dated at Washington, D. C., December 27, 1941.

IN RE APPLICATION OF PACIFIC AGRICULTURAL FOUNDATION, LIMITED (KQW)

NOTICE OF HEARING

Application dated November 2, 1940, for construction permit; class of service, broadcast; class of station, broadcast; location, San Jose, California; operating assignment specified: Frequency, 740 kc.; power, 50 kw. (DA night and day); hours of operation, unlimited.

You are hereby notified that the Commission has examined the above-described application and has designated the matter for hearing, to be consolidated with the application of The Associated Broadcasters, Inc. (KSFO), Docket No. 6005, for the following reasons:

1. To determine the character of the proposed program service.

2. To obtain full information with respect to the financing of the construction and operation of Station KQW, as proposed, including any and all agreements and understandings, written or oral, with respect thereto and the effect thereof upon the control, operation and finances of the applicant.

3. To determine the financial qualifications of the applicant to construct and operate Station KQW as proposed.

4. To determine the relationships, the nature, extent and effect thereof existing between the applicant, its officers, directors and stockholders, and Julius Brunton & Sons Co., licensee of Station KJBS.

5. To determine the areas and populations now receiving primary service from Station KJBS which would receive primary service from Station KQW as proposed.

6. To determine the areas and populations which may be expected to gain primary service from Station KQW operating as proposed, and what other broadcast service is available to these areas and populations.

7. To determine whether the operation of Station KQW, as proposed, would be consistent with the Standards of Good Engineering Practice, particularly as to the population residing within the predicted 250 mv/m contour ("blanket area").

8. To determine whether the granting of this application and the application of The Associated Broadcasters, Inc., Docket No. 6005, or either of them would serve public interest, convenience and necessity.

The application involved herein will not be granted by the Commission unless the issues listed above are determined in favor of the applicant on the basis of a record duly and properly made by means of a formal hearing.

The applicant is hereby given the opportunity to obtain a hearing on such issues by filing a written appearance in accordance with the provisions of § 1.382 (b) of the Commission's Rules of Practice and Procedure. IN THE MATTER OF CENTRAL STATES POWER & LIGHT CORPORATION

SUPPLEMENTARY ORDER

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 30th day of December, A. D. 1941.

Central States Power & Light Corporation, a public utility company which is also a registered holding company in the Ogden Corporation holding company system, having filed declarations with respect to the sale of certain of its assets, assets of its subsidiaries and securities of its subsidiaries under section 12 (d) of the Public Utility Holding Company Act of 1935 and having also filed declarations under section 12 (c) of the Act with respect to the utilization of proceeds derived from the sale of such assets and securities to purchase a portion of its First Mortgage and First Lien Gold Bonds, 5½% Series, due 1953; and

The Commission having permitted such declarations to become effective subject, however, to certain conditions including the reservation of jurisdiction with respect to fees to be paid in connection with the consummation of such transaction; and

Central States Power & Light Corporation having filed applications for authority to pay such fees and having also filed a request for authority to make a partial payment prior to December 31, 1941 to their counsel, Matthews, Harmon, Karr & Springer in such amount as the Commission may allow; and

It appearing to the Commission that a partial payment by Central States Power & Light Corporation to Matthews, Harmon, Karr & Springer in the sum of $15,000 will not be detrimental to the public interest or the interest of investors or consumers;

It is ordered, That declarant be, and hereby is, authorized to pay the sum of $15,000 to the firm of Matthews, Harmon, Karr & Springer in partial payment of their fee for services rendered in connection with the consummation of the transactions hereinabove referred to. Jurisdiction is reserved as to the payment of any and all sums on account of fees and expenses not specifically authorized herein.

IN THE MATTER OF INTERNATIONAL UTILITIES CORPORATION

SUPPLEMENTAL ORDER

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 30th day of December, A. D. 1941.

International Utilities Corporation, a registered holding company, having previously made application to acquire by purchase from time to time in the over-the-counter market, not to exceed $1,442,500 principal amount of the Collateral Trust Bonds, 6½% Series, due July 1, 1945 of its subsidiary Dominion Gas and Electric Company; such application having been approved, by orders of this Commission dated June 3, 1940, Nov. 27, 1940, January 17, 1941 and May 5, 1941; International Utilities Corporation having acquired, as of December 15, 1941, $503,500 principal amount of such bonds; International Utilities Corporation having authorization, under the previous orders to acquire an additional $939,000 principal amount of such bonds; and International Utilities Corporation having made application for the extension of such order of May 5, 1941, which by its terms expires on December 31, 1941; and

It appearing to the Commission that the proposed extension is not detrimental to the public interest or to the interest of investors:

It is therefore ordered, That the time for the purchase by International Utilities Corporation in the over-the-counter market of the amount of Collateral Trust Bonds, 6½% Series, due July 1, 1945, of Dominion Gas and Electric Company remaining under the aforesaid authorizations of the Commission be extended to December 31, 1942, subject to the same terms and conditions contained in the aforesaid orders of the Commission.

IN THE MATTER OF KENTUCKY UTILITIES COMPANY, KENTUCKY POWER & LIGHT COMPANY, THE MIDDLE WEST CORPORATION, AND UNITED PUBLIC SERVICE CORPORATION

ORDER PERMITTING DECLARATIONS TO BECOME EFFECTIVE AND GRANTING APPLICATIONS

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 30th day of December, A. D. 1941.

Kentucky Utilities Company, Kentucky Power & Light Company, The Middle West Corporation and United Public Service Corporation having filed applications and declarations concerning the following:

Kentucky Utilities Company, a public utility subsidiary of The Middle West Corporation, a registered holding company, proposes to purchase from United Public Service Corporation, a registered holding company subsidiary of The Middle West Corporation, a promissory note of Kentucky Power & Light Company, a public utility subsidiary of United Public Service Corporation, said note being payable to United Public Service Corporation in the principal amount of $1,200,000 due April 1, 1942. Kentucky Utilities Company also proposes to purchase from United Public Service Corporation 16,000 shares of common stock of the par value of $50 per share of Kentucky Power & Light Company held by United Public Service Corporation. Kentucky Utilities Company proposes to pay for such acquisitions the sum of $1,200,000, plus accrued interest on said note to the date of delivery and payment.

Upon consummation of such acquisitions Kentucky Utilities Company will hold all of the outstanding securities of Kentucky Power & Light Company except its First Mortgage 5½% Gold Bonds, Series A and Series B, outstanding in the principal amount of $1,207,400, and Kentucky Utilities Company proposes to acquire all the property and assets of Kentucky Power & Light Company subject to the liabilities of such company, including said outstanding bonds, in exchange for the securities of Kentucky Power & Light Company to be held by Kentucky Utilities Company.

Kentucky Utilities Company proposes to sell to The Middle West Corporation 31,429 shares of its common stock without par value at $38.18 per share, or $1,200,000 in the aggregate, the proceeds thereof to be used by Kentucky Utilities Company in consummating the acquisition of the securities of Kentucky Power & Light Company from United Public Service Corporation.

Kentucky Utilities Company proposes to sell at private sale $1,000,000 principal amount of its First Mortgage Bonds, Series of 1970, 4% due January 1, 1970, the proceeds of such sale to be used together with general funds of Kentucky Utilities Company to the extent necessary to effect the retirement of the outstanding bonds of Kentucky Power & Light Company by the payment at their maturity on April 1, 1942 of such bonds of Series A outstanding in the principal amount of $755,500 and the redemption on March 1, 1942, at 101¼ of such bonds of Series B outstanding in the principal amount of $451,900; and

Kentucky Utilities Company having requested that it be exempted from the operation of paragraphs (b) and (c) of Rule U-50 in respect of the sale of such Bonds; and

A public hearing having been held thereon and the Commission having examined the record and issued its findings herein;

It is ordered, That the declarations and applications in respect of such transactions shall be permitted to become effective and be granted forthwith, subject to the condition that complete jurisdiction is reserved with respect to the further liquidation of United Public Service Corporation and that further disposition of its assets or distribution to its stockholders will not be made except upon further order of this Commission.

It is further ordered, That Kentucky Utilities Company is exempted from the operation of paragraphs (b) and (c) of Rule U-50 in respect of the issue and sale of its First Mortgage Bonds.

IN THE MATTER OF SOUTHWESTERN GAS AND ELECTRIC COMPANY

ORDER PERMITTING DECLARATION TO BECOME EFFECTIVE

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 30th day of December, A. D. 1941.

The above named company having filed a supplemental declaration pursuant to the Public Utility Holding Company Act of 1935, particularly section 7 thereof, regarding the following:

Southwestern Gas and Electric Company, a subsidiary of Central and South West Utilities Company, a registered holding company, proposes (a) to reduce the interest rate on $1,800,000 principal amount of outstanding 2⅞% unsecured notes to 2⅛%, effective on December 1, 1941, and (b) to provide for the payment of the unpaid principal amount of said notes in eight semi-annual installments of $225,000 each, May 1, 1942—November 1, 1945 (instead of four annual installments of $450,000 each).

Under date of March 29, 1939, the Commission permitted the original declaration herein to become effective with respect to the issue and sale by the company of $2,250,000 principal amount of the subject notes to the First National Bank of Chicago, Harris Trust and Savings Bank (Chicago, Illinois) and the American National Bank and Trust Company of Chicago. On November 1, 1941, $450,000 principal amount of said notes matured and were paid by the company.

Said supplemental declaration having been filed on December 2, 1941, and notice of said filing having been duly given in the form and manner prescribed by Rule U-23 promulgated pursuant to said Act, and the Commission not having received a request for a hearing with respect to said declaration within the period specified in said notice, or otherwise, and not having ordered a hearing thereon; and

The above named company having requested that said declaration, as filed or as amended, become effective as soon as practicable; and

The Commission finding with respect to said supplemental declaration under section 7 of said Act that the requirements of section 7 (c) of said Act are satisfied and that no adverse findings are necessary under section 7 (d) of the said Act, and being satisfied that the effective date of said supplemental declaration should be advanced:

It is hereby ordered, Pursuant to said Rule U-23 and the applicable provisions of said Act and subject to the terms and conditions prescribed in Rule U-24, that the aforesaid declaration be and hereby is permitted to become effective.

By the Commission. (Commissioner Healy dissenting for the reasons set forth in his memorandum of April 1, 1940).

IN THE MATTER OF NORTH AMERICAN LIGHT & POWER COMPANY HOLDING-COMPANY SYSTEM AND THE NORTH AMERICAN COMPANY

ORDER REQUIRING LIQUIDATION OF NORTH AMERICAN LIGHT & POWER COMPANY

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 30th day of December, A. D. 1941.

The Commission having on December 2, 1941, issued its Notice of and Order for Hearing instituting this proceeding pursuant to section 11 (b) (2), 20 (a) and 15 (f) of the Public Utility Holding Company Act of 1935; and

A hearing having been held on the issue whether the Commission should enter an order requiring the liquidation of North American Light & Power Company; Counsel for the Public Utilities Division of the Commission having submitted proposed findings; and Counsel for The North American Company and North American Light & Power Company, Respondents, having waived a trial examiner's report and having waived such rights as they might have to adduce further evidence, request specific findings, make oral argument or file briefs with respect to the issue whether an order should be entered requiring the liquidation of North American Light & Power; and

The Commission having examined the record herein with respect to the said issue and having this day made and filed its Findings and Opinion herein;

It is ordered, Pursuant to section 11 (b) (2) of said Act that said North American Light & Power Company shall be liquidated and its existence terminated.

It is further ordered, That said North American Light & Power Company and The North American Company shall proceed with due diligence to submit to this Commission a plan or plans for the prompt liquidation of North American Light & Power Company, and the termination of its existence, in a manner consistent with the provisions of said Act.

It is further ordered, That, before The North American Company or North American Light & Power Company take any step or action for the divestment of control, securities, or other assets by North American Light & Power Company, for the purpose of enabling North American Light & Power Company to comply with the provisions of Section 11 of said Act or with the provisions of this order, such step or action shall be the subject of an application or applications to this Commission for the entry of necessary or appropriate orders.

It is further ordered, That jurisdiction be, and the same hereby is, reserved to enter such further order or orders after hearing on appropriate notice as may be necessary or appropriate for the purpose of ensuring that the liquidation of North American Light & Power Company is accomplished expeditiously and in a manner that is consistent with the provisions of the Act.

It is further ordered, That jurisdiction be, and the same hereby is, reserved to enter such further order or orders after hearing on appropriate notice as may be necessary or appropriate with respect to any of the remaining issues in this proceeding and particularly for the purpose of determining what further steps should be taken by any of the Respondents herein to bring about compliance with

the requirements of section 11 (b) (2), 20 (a) and 15 (f) of the Act.

It is further ordered, That the terms of this order shall not be deemed to rescind or modify in any way the terms of this Commission's order dated June 3, 1941 in the proceeding entitled *In the Matter of The North American Company and Its Subsidiary Companies*. (File No. 59–10)

It is further ordered, That the hearing as to said remaining issues shall be convened by the Trial Examiner without delay.

By the Commission.

IN THE MATTER OF MORGAN STANLEY & CO. INCORPORATED, AND BONBRIGHT & COMPANY, INCORPORATED

ORDER OF SEVERANCE AND DISMISSING PROCEEDING ETC. AS TO BONBRIGHT & COMPANY, INCORPORATED

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, on the 30th day of December 1941.

Consumers Power Company, a subsidiary of The Commonwealth and Southern Corporation, a registered holding company, having filed on November 17, 1939, a declaration regarding the issuance and sale of its first mortgage bonds and common stock pursuant to the provisions of Section 7 of the Public Utility Holding Company Act of 1935;

Bonbright & Company, Incorporated and Morgan Stanley & Co., Incorporated having severally applied on December 11, 1939 for findings pursuant to Paragraph (a) (3) of Rule U-12F-2, each with respect to its status under said rule as an underwriter of the securities proposed to be issued and sold by said Consumers Power Company;

The Commission having on December 2, 1939, issued its notice of and order for hearing with respect to said applications of Bonbright & Company, Incorporated and Morgan Stanley & Co., Incorporated;

The Commission having on December 28, 1939 issued its order with respect to said declaration of Consumers Power Company permitting the same to become in part effective, upon condition, however, that pending the final determination of the issues raised by said applications of Bonbright & Company, Incorporated and Morgan Stanley & Co., Incorporated no underwriting fees, commissions or any other compensation derived from the issuance and sale of said securities of Consumers Power Company should be paid directly or indirectly to, or retained by, said applicants;

The applicant Bonbright & Company, Incorporated having moved the Commission for an order dismissing as to it, the proceeding instituted upon its said application, releasing jurisdiction over the underwriting fees, commissions and other compensation payable to Bonbright & Company, Incorporated as an underwriter of said securities of Consumers Power Company, and permitting said Consumers Power Company to pay to Bonbright & Company, Incorporated, its said fees, commissions and other compensation; and the applicant Bonbright & Company, Incorporated having requested that action be taken prior to January 1, 1942;

Hearings having been held on said applications, and the record having been completed as to the said application of Bonbright & Company, Incorporated; and

The Commission having examined the record and finding that the evidence does not establish that the applicant Bonbright & Company, Incorporated is an affiliate of Consumers Power Company within the meaning of section 2 (a) (11) (D) of the Public Utility Holding Company Act of 1935 and Paragraph (a) (3) of Rule U-12F–2;

It is ordered, That the proceedings heretofore instituted upon the said applications of Bonbright & Company, Incorporated and Morgan Stanley & Co., Incorporated be severed one from the other; and

It is further ordered, That the proceeding instituted upon said application of Bonbright & Company, Incorporated be dismissed; that jurisdiction be released over the underwriting fees, commissions and other compensation payable to Bonbright & Company, Incorporated as an underwriter of the securities of Consumers Power Company as aforementioned; and Consumers Power Company be permitted to pay to Bonbright & Company, Incorporated its said fees, commissions and other compensation.

It is further ordered, That the provisions of this order become effective immediately notwithstanding the later issuance by the Commission of its Findings and Opinion herein, which by reason of the request of the applicant Bonbright & Company, Incorporated that its motion be disposed of prior to January 1, 1942, it was not feasible for the Commission to issue herewith. Nothing herein contained shall be construed as affecting the proceeding pending upon the said application of Morgan Stanley & Co., Incorporated or jurisdiction over the underwriting fees, commissions and other compensation deriving to Morgan Stanley & Co., Incorporated by reason of its underwriting of said securities of Consumers Power Company.

By the Commission.

ORDER PERMITTING DECLARATIONS TO BECOME EFFECTIVE AND GRANTING APPLICATIONS

At a regular session of the Securities and Exchange Commission held at its office in the City of Washington, D. C., on the 30th day of December, A. D. 1941.

NY PA NJ Utilities Company, a registered holding company and a subsidiary of Denis J. Driscoll and Willard L. Thorp, Trustees of Associated Gas and Electric Corporation, a registered holding company, having filed an application and declaration, as amended, pursuant to various sections of the Public Utility Holding Company Act of 1935, concerning, among others, the following transactions:

(1) (Transaction D) The acquisition by NY PA NJ Utilities Company from Northern Pennsylvania Power Company of the following securities, as a dividend in kind, to be paid by Northern Pennsylvania Power Company and to be charged by it to earned surplus:

(a) $406,100 principal amount of The Mohawk Valley Company 6% Consolidated Refunding Gold Bonds, due 1981, and

(b) $53,300 principal amount of The Mohawk Valley Company 6% Gold Debentures, due October 1, 2031;

(2) (Transaction G) The acquisition by NY PA NJ Utilities Company from Staten Island Edison Corporation, by purchase for cash and cancellation of open accounts and notes, of $3,015,000 principal amount Associated Electric Company, 4½% Gold Bonds, Refunding Series, due 1956;

Northern Pennsylvania Power Company, a subsidiary of NY PA NJ Utilities Company, having filed a declaration regarding the declaration and payment of a dividend in kind to NY PA NJ Utilities Company of the said securities of The Mohawk Valley Company listed above and which NY PA NJ Utilities Company proposes to acquire;

Staten Island Edison Corporation, a subsidiary of New York State Electric and Gas Corporation, which in turn is a subsidiary of NY PA NJ Utilities Company, having filed a declaration regarding the sale of $3,015,000 principal amount of Associated Electric Company 4½% Gold Bonds, Refunding Series, due 1956, at 45% of the principal amount thereof, namely, the sum of $1,356,750, plus accrued interest thereon from Octo-

ber 1, 1941, to the date of delivery and payment.

A public hearing having been held after appropriate notice and the Commission having considered the record in this matter and having made and filed its findings herein;

It is hereby ordered, That the declaration of Staten Island Edison Corporation, as amended, be and hereby is permitted to become effective subject to the terms and conditions prescribed in Rule U–24;

It is further ordered, That the declaration of Northern Pennsylvania Power Company, as amended, be and hereby is permitted to become effective subject to the terms and conditions prescribed in Rule U–24 and subject to the further condition that a sum of $387,000 presently contained in the earned surplus account of said Northern Pennsylvania Power Company be restricted and made unavailable for the payment of common stock dividends until further order of the commission;

It is further ordered, That the application and declaration of NY PA NJ Utilities Company, as amended, to acquire the said bonds as a dividend from Northern Pennsylvania Power Company and said bonds by purchase from Staten Island Edison Corporation, be and are hereby granted and permitted to become effective, respectively, subject to the terms and conditions prescribed in Rule U–24.

By the Commission.

AMENDING PROCLAMATIONS RELATING TO ALIEN ENEMIES

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA

A PROCLAMATION

WHEREAS Proclamations No. 2525 [1] of December 7, 1941, and Nos. 2526 [2] and 2527 [3] of December 8, 1941, relating to alien enemies, charge the Attorney General with the duty of executing all the regulations therein prescribed regarding the conduct of alien enemies within Alaska, and confer certain authority upon him with respect to such duty; and

WHEREAS it appears that it would be desirable for administrative purposes to transfer such duty and authority to the Secretary of War:

NOW, THEREFORE, I, FRANKLIN D. ROOSEVELT, as President of the United States and as Commander-in-Chief of the Army and Navy of the United States, do proclaim that the duty imposed upon the Attorney General by the aforesaid proclamations of executing all the regulations therein prescribed regarding the conduct of alien enemies within Alaska, and the authority conferred upon him with respect to such duty, are hereby transferred to the Secretary of War.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the United States of America to be affixed.

DONE at the City of Washington this 29th day of December in the year of our Lord nineteen hundred and [SEAL] forty-one, and of the independence of the United States of America the one hundred and sixty-sixth.

[COORDINATOR OF GOVERNMENT FILMS]

THE WHITE HOUSE,
Washington, December 18, 1941.

MY DEAR MR. MELLETT:. The American motion picture is one of our most effective media in informing and entertaining our citizens. The motion picture must remain free insofar as national security will permit. I want no censorship of the motion picture; I want no restrictions placed thereon which will impair the usefulness of the film other than those very necessary restrictions which the dictates of safety make imperative.

The motion picture, especially as used by the Federal Government, has a very useful contribution to make during the war emergency. In order that the Federal Government's efforts in the field of motion picture production and distribution may serve most effectively and efficiently, it is desirable that all activities of the Federal Government be coordinated under the direction of one central office.

Therefore, as President of the United States and Commander-in-Chief of the armed forces, I direct that you, as Director of the Office of Government Reports, act as Coordinator of Government Films for the duration of the war.

The functions you will discharge in this capacity are:

1. Act as the liaison officer of the Federal Government with theatrical, educational and industrial producers and distributors in connection with the preparation, production, and distribution of films.

2. Establish a clearance office through which all of the Government's civilian films must clear whether they are to be distributed through theaters or through non-theatrical organizations.

3. Plan, so far as necessary, such Government motion picture production and distribution as is deemed necessary to inform and instruct the public during the wartime crisis.

4. Consult with all Government departments in connection with film produc-

CHAPTER VIII—SUGAR DIVISION OF THE AGRICULTURAL ADJUSTMENT ADMINISTRATION

[G.S.Q.R. Series 9, No. 1]

PART 821—SUGAR QUOTAS

SUGAR CONSUMPTION REQUIREMENTS AND QUOTAS FOR THE CALENDAR YEAR 1942

Pursuant to the authority conferred upon the Secretary of Agriculture under the Sugar Act of 1937, as amended, the following regulations are hereby prescribed, which shall have the force and effect of law and shall remain in force and effect until amended or superseded by regulations hereafter made by the Secretary of Agriculture:

§ 821.301 *Consumption requirements for 1942.* It is hereby determined, pursuant to Section 201 of the Sugar Act of 1937, as amended (hereinafter referred to as the "act"), that the amount of sugar needed to meet the requirements of consumers in the continental United States for the calendar year 1942 is 6,666,890 short tons of sugar, raw value, and that, in order to make available that amount of sugar, a quantity of 8,032,074 short tons of sugar, raw value, is required as a consumption determination. (Sec. 201, 50 Stat. 904; 7 U.S.C. 1111)

§ 821.302 *Quotas for domestic areas*—(a) *Original quotas.* There are hereby established, pursuant to section 202 of the said act, for domestic sugar-producing areas, for the calendar year 1942, the following quotas:

Area:	Quotas in terms of short tons, raw value
Domestic beet sugar	1,862,811
Mainland cane sugar	504,995
Hawaii	1,127,420
Puerto Rico	959,088
Virgin Islands	10,716

(Sec. 202, 50 Stat. 905; 7 U. S. C. 1112)

§ 821.303 *Other quotas*—(a) *Original quotas.* There are hereby established, pursuant to section 202 of the said act, for foreign countries and the Commonwealth of the Philippine Islands, for the calendar year 1942, the following quotas:

Area:	Quotas in terms of short tons, raw value
Commonwealth of the Philippine Islands	1,237,764
Cuba	2,297,583
Foreign countries other than Cuba	31,747

(Sec. 202, 50 Stat. 905; 7 U.S.C. 1112)

§ 821.304 *Proration of quota for foreign countries other than Cuba*—(a) *Original prorations.* The quota for foreign countries other than Cuba is hereby prorated, pursuant to section 202 of the said act, among such countries, as follows:

Country:	Prorations in pounds, raw value
Argentina	18,567
Canada	718,651
China & Hongkong	366,983
Costa Rica	26,235
Dominican Republic	8,493,922
Dutch East Indies	269,249
Guatemala	426,579
Haiti, Republic of	1,173,898
Honduras	4,372,206
Mexico	7,683,054
Nicaragua	13,018,921
Peru	14,156,495
Salvador	10,455,564
United Kingdom	446,659
Venezuela	369,388
Other Countries	997,639
Subtotal	62,994,000
Unallotted Reserve	500,000
Total	63,494,000

(Sec. 202, 50 Stat. 905; 7 U.S.C. 1112)

§ 821.305 *Direct-consumption portion of quotas*—(a) *Domestic areas.* The quotas established in § 821.302 hereof for the following listed areas may be filled by direct-consumption sugar not in excess of the following amount for each such area:

Area:	Amount of direct-consumption sugar in terms of short tons, raw value
Hawaii	29,616
Puerto Rico	126,033
Virgin Islands	0

(b) *Other areas.* The quotas established in § 821.303 hereof for the following listed areas may be filled by direct-consumption sugar not in excess of the following amount for each such area:

Area:	Amount of direct-consumption sugar in terms of short tons, raw value
Commonwealth of Philippine Islands	80,214
Cuba	375,000

(Sec. 207, 50 Stat. 907; 7 U.S.C. 1117)

§ 821.306 *Liquid sugar quotas.* There are hereby established, pursuant to section 208 of the said act, for foreign countries, for the calendar year 1942, quotas for liquid sugar as follows:

Country:	In terms of wine gallons of 72% total sugar content
Cuba	7,970,558
Dominican Republic	830,894
Other foreign countries	0

(Sec. 208, 50 Stat. 908; 7 U.S.C. 1118)

§ 821.307 *Restrictions on marketing and shipment.* (a) For the calendar year 1942, all persons are hereby forbidden, pursuant to section 209 of the said act, from bringing or importing into the continental United States from the Territory of Hawaii, Puerto Rico, the Virgin Islands, the Commonwealth of the Philippine Islands, or any foreign country, any sugar or liquid sugar after the quota for such area, or the proration of any such quota, has been filled.

(b) For the calendar year 1942, all persons are hereby forbidden, pursuant to section 209 of the said act, from shipping, transporting, or marketing in interstate commerce, or in competition with sugar or liquid sugar shipped, transported, or marketed in interstate or foreign commerce, any sugar or liquid sugar produced from sugar beets or sugarcane grown in either the domestic beet sugar area or the mainland cane sugar area after the quota for such area has been filled. (Sec. 209, 50 Stat. 908; 7 U.S.C. 1119; sec. 504, 50 Stat. 915; 7 U.S.C. 1174)

§ 821.308 *Inapplicability of quota regulations.* The regulations in this part shall not apply to (a) the first 10 tons, raw value, of sugar or liquid sugar imported from any foreign country, other than Cuba; (b) the first 10 tons, raw value, of sugar or liquid sugar imported from any foreign country, other than Cuba, for religious, sacramental, educational, or experimental purposes; (c) liquid sugar imported from any foreign country, other than Cuba, in individual sealed containers not in excess of 1⅒ gallons each; or (d) any sugar or liquid sugar imported, brought into, or produced or manufactured in, the United States for the distillation of alcohol, or for livestock feed, or for the production of livestock feed. (Sec. 212, 50 Stat. 909; 7 U.S.C. 1122)

In testimony whereof, I have hereunto set my hand and caused the official seal of the Department of Agriculture to be affixed in the District of Columbia, city of Washington, this 31st day of December 1941.

[SEAL] CLAUDE R. WICKARD,
Secretary of Agriculture.

CHAPTER IX—SURPLUS MARKETING ADMINISTRATION

PART 930—MILK IN TOLEDO, OHIO, MARKETING AREA

ORDER SUSPENDING CERTAIN PROVISIONS OF ORDER NO. 30, AS AMENDED,[1] REGULATING THE HANDLING OF MILK IN THE TOLEDO, OHIO, MARKETING AREA

Pursuant to the powers conferred upon the Secretary of Agriculture by section 8c (16) (A) of the Agricultural Marketing Agreement Act of 1937, it is hereby found that the provisions of the order, as amended, regulating the handling of milk in the Toledo, Ohio, marketing area, which are set forth below, obstruct and do not tend, under present conditions, to effectuate the declared policy of such act, and such provisions are suspended effective as of 11:59 p. m., e. s. t., November 30, 1941.

The provisions of said order, as amended, which are herewith suspended are as follows:

(1) § 930.1 (a) (9), (10), (11), and (12);

(2) The last sentence of § 930.3 (a) (3) reading as follows:

Such pay roll shall show also for each producer his total delivery of market-share milk and excess milk;

(3) The phase "prior to August 1, 1940," wherever it appears in § 930.6 (b) (1);

(4) § 930.6 (b) (2);

(5) The phase "prior to August 1, 1940," wherever it appears in § 930.7 (b);

(6) § 930.7 (c), (e), and (f).

Issued at Washington, D. C., on this 31st day of December 1941. Witness my hand and the seal of the Department of Agriculture.

CHAPTER I—CIVIL AERONAUTICS BOARD

[Amendment 20–31, Civil Air Regulations]

PART 20—PILOT CERTIFICATES

SIMULATED INSTRUMENT FLIGHT IN SINGLE-PLACE AIRCRAFT

At a session of the Civil Aeronautics Board held at its office in Washington, D. C., on the 27th day of December 1941.

Acting pursuant to the authority vested in it by the Civil Aeronautics Act of 1938, as amended, particularly sections 205 (a), and 601 (a) of said Act, and finding that its action is desirable in the public interest and is necessary to carry out the provisions of, and to exercise and perform its powers and duties under, said Act, the Civil Aeronautics Board amends the Civil Air Regulations as follows:

Effective December 27, 1941, Part 20 of the Civil Air Regulations is amended as follows:

By adding a new paragraph (d) to § 20.68[1] to read as follows:

§ 20.68 *Simulated instrument flights.*

* * * * * *

(d) Notwithstanding provisions of (a), (b), and (c) of this section, a member of the Armed Forces of the United States may operate single-place aircraft in simulated instrument flight: *Provided*, Such flights shall be made only during the hours of daylight, in accordance with contact flight rules, *And provided further*, Each such aircraft is accompanied by and under the continuous control by radio of a competent observer in an escort aircraft.

By the Civil Aeronautics Board.

PART 933—COPPER

Supplementary Order No. M–9–b as Amended December 31, 1941, To Conserve the Supply and Direct the Distribution of Copper Scrap and Copper Base Alloy Scrap

Section 933.3 (*Supplementary Order No. M–9–b*) is hereby amended so as to read as follows:

Whereas the national defense requirements have created a shortage of Copper, as hereinafter defined, for defense, for private account, and for export, and it is necessary in the public interest and to promote the defense of the United States to conserve the supply and direct the distribution of Scrap material whose principal ingredient is Copper or Copper Base Alloy;

Now, therefore, it is hereby ordered, That:

§ 933.3 *Supplementary Order No. M–9–b as amended December 31, 1941*—

[1] 5 F.R. 3785.
[2] 6 F.R. 3889.

(a) *Definitions.* For the purposes of this Supplementary Order:

(1) "Scrap" means all Copper or Copper Base Alloy materials or objects which are the waste or by-product of industrial fabrication, or which have been discarded on account of obsolescence, failure or other reason.

(2) "Copper" means Copper metal which has been refined by any process of electrolysis or fire refining to a grade and in a form suitable for fabrication such as cathodes, wire bars, ingot bars, ingots, cakes, billets, wedge bars or other refined shapes, or Copper shot or other forms produced by a Refiner.

(3) "Copper base alloy" means any alloy in the composition of which the percentage of Copper metal by weight equals or exceeds the percentage of all other metals.

(4) "Copper products" means fabricated products made of Copper or Copper Base Alloys.

(5) "Brass mill scrap" means that Scrap which is a waste or byproduct of industrial fabrication of products produced by Brass Mills.

(6) "Brass mill" means one which rolls, draws or extrudes castings made in its own plant of Copper or Copper Base Alloys, or one which rolls, draws or extrudes refinery shapes of Copper or Copper Base Alloys; it does not include a Mill which re-rolls, re-draws or re-extrudes products produced from refinery shapes or castings of Copper or Copper Base Alloys.

(7) "Secondary copper" means Copper or Copper Base Alloy produced as a raw material by any process of melting Scrap.

(8) "Scrap dealer" means any person regularly engaged in the business of buying and selling Scrap.

(9) "Fabricator" means any person, other than a "Foundry", who in the manufacture of Copper Products generates Scrap.

(10) "Foundry" means any person who melts and casts Copper and Copper Base Alloys into shapes and forms suitable for use without reforming.

(b) *Deliveries and melting of scrap.* Deliveries of Scrap shall hereafter be made solely in accordance with the following directions:

(1) No Person shall deliver Brass Mill Scrap except to a Scrap Dealer or to a Brass Mill; no Scrap Dealer who receives delivery of Brass Mill Scrap shall in turn deliver such Scrap to any melter thereof other than a Brass Mill.

(2) No Person shall deliver Scrap other than Brass Mill Scrap except:

(i) To a Scrap Dealer; or

(ii) To a Person specifically authorized by the Director of Priorities to receive deliveries of such quantities of Scrap.

(3) No Scrap Dealer shall hereafter melt Scrap, including Scrap on hand at the date of this Order, unless specifically authorized by the Director of Priorities.

(4) No Scrap Dealer shall hereafter accept delivery of Scrap unless:

(i) Such Scrap Dealer shall, during the preceding 60 days, have sold or otherwise disposed of Scrap to an amount at least equal in weight to the Scrap Inventory of such Scrap Dealer on the date of acceptance of delivery of Scrap (which inventory shall exclude such delivery), and

(ii) Such Scrap Dealer shall have filed with the Office of Production Management such reports as may from time to time be required by the Office of Production Management.

(c) *Application for authorization.* Any Person desiring to obtain authorization with respect to a delivery or deliveries to him of specific quantities of Scrap for processing or melting, should make application on Form PD–130 to the Office of Production Management, Ref: M–9–b.

(d) *Basis of authorization.* Authorizations to receive deliveries of Scrap will be made by the Director of Priorities to assure the satisfaction of all defense requirements. After the satisfaction of all such defense requirements, deliveries of any residual supply will be authorized by the Director of Priorities for essential and other civilian requirements. In giving such authorizations, the Director of Priorities may take into consideration possible dislocation of labor and resulting unemployment and the necessity of keeping a plant in operation so that it may be able to fill future Defense Orders.

(e) *Disposal of scrap generated by a fabricator.* No Fabricator shall use, melt or dispose of any Scrap generated in his operations in any way other than by sale, without the specific authorization of the Director of Priorities. In no event shall any Fabricator keep on hand more than thirty days' accumulation of Scrap generated in his operations unless such accumulation aggregates less than five tons. All Fabricators generating Scrap in any operation in excess of 2,000 pounds in any calendar month, shall report on Form PD–226 on or before the 15th day of the following month to the Office of Production Management, Ref: M–9–b setting forth Scrap Inventory at the beginning of the previous calendar month, accumulations and sales during such month, inventory at the end of such month and such other information as the Director of Priorities may request from time to time.

(f) *Toll agreement.* No Person shall hereafter deliver Scrap and no Person shall accept same for converting, remelting or other processing under any existing or future toll agreement, conversion agreement or other form of agreement by which title remains vested in a Person other than the one delivering the Scrap or which agreement is contingent upon repurchase of processed material in any quantities equivalent or otherwise, by the Person selling the Scrap, unless and until such an agreement shall have been approved by the Director of Priorities. Any Person desiring to have such an agreement approved must file with the Office of Production Management a statement setting forth the names of the parties to such agreement, the material involved as to kind and grade, the form of the same, the estimated tonnage involved, the estimated rate of delivery, the length of time such agreement or other similar agreement has been in force, the duration of the agreement, the purpose for which the processed material is to be used, and any other pertinent data that would justify such approval.

(g) *Use of material.* Any Person who obtains delivery of Scrap in accordance with the terms of this Order shall use such Scrap, or an equivalent amount thereof, only for the purposes for which acceptance of the delivery was authorized.

(h) *Restriction on acceptance of castings or secondary copper.* No Person shall hereafter knowingly accept delivery of Secondary Copper or castings made therefrom, which have been obtained by melting and processing Scrap delivered to the melter or processor contrary to the provisions of this Order.

(i) *Priority control.* All of the provisions and definitions of Priorities Regulation No. 1, issued by the Director of Priorities (Part 944) as amended from time to time, are hereby included as a part of this Order with the same effect as if specifically set forth herein, except as otherwise specifically provided herein.

(j) *Remelting by railroads and utilities.* Nothing herein contained shall prevent a railroad or public utility company whose customary practice has been to remelt or process within its own plants, and for its own use Scrap created by its own operations or obsolescence, from continuing to do so in the manner and to the extent of its previous practice.

(k) *Specific directions.* The Director of Priorities may from time to time issue specific directions to any person as to the source, destination, or amount of Scrap to be delivered or acquired by such person.

(l) *Communications.* All reports to be filed, applications for authorization to receive delivery of Scrap, and other communications concerning this Order, should be addressed to the Office of Production Management, Washington, D. C., Ref: M–9–b.

(m) *P–61 revoked.* Preference Rating Order for Copper Scrap, and Copper Base Alloy Scrap, P–61, issued October 18, 1941, is hereby revoked.

(n) This Order may be revoked or modified by the Director of Priorities at any time; shall take effect immediately, and, unless previously terminated, shall expire on the 31st day of March, 1942. (P.D. Reg. 1, Aug. 27, 1941, 6 F.R. 4489; O.P.M. PART 935—POLYVINYL CHLORIDE

Amendment No. 1 to General Preference Order No. M-10 to Direct the Use and Distribution of Polyvinyl Chloride

Section 935.1 (*General Preference Order No. M-10*) is hereby amended to read as follows:

Whereas the national defense requirements have created a shortage of Polyvinyl Chloride, as hereinafter defined, for defense, for private account and for export, and it is necessary, in the public interest and to promote the defense of the United States, to conserve the supply and direct the distribution thereof;

Now, therefore, it is hereby ordered, That:

§ 935.1 *General Preference Order M-10*—(a) *Definitions.* For the purposes of this Order:

(1) "Polyvinyl Chloride" means polymerized vinyl chloride and its co-polymer with vinyl acetate, containing 92% or more of vinyl chloride, whether plasticized or unplasticized, and includes the materials known by the trade names of Kroseal and Vinylite.

(2) "Producer" means any person engaged in the production of Polyvinyl Chloride and includes any person who has Polyvinyl Chloride produced for him pursuant to toll agreement.

(b) *Applicability of Priorities Regulation No. 1.* This Order and all transactions affected thereby are subject to the provisions of Priorities Regulation No. 1, as amended from time to time, except to the extent that any provision hereof may be inconsistent therewith, in which case the provisions of this Order shall govern.

(c) *Restrictions on deliveries.* On and after January 1, 1942, no deliveries of Polyvinyl Chloride shall be made by any Producer, except as may be specifically directed by the Director of Priorities; and no person shall accept delivery of Polyvinyl Chloride made in violation of the foregoing clause. At the beginning of each calendar month the Director of Priorities will issue to all Producers specific directions covering deliveries of Polyvinyl Chloride which may be made by such Producers during such month. Such directions will be made primarily to insure the satisfaction of all defense requirements and to provide an adequate supply for essential civilian uses, and they may be made at the discretion of the Director of Priorities without regard to any preference rating assigned to particular contracts or orders.

(d) *Intra-company transactions.* The prohibitions or restrictions contained in this Order with respect to deliveries shall, in the absence of a contrary direction, apply not only to deliveries to other persons, including affiliates and subsidiaries, but also to deliveries from one branch, division or section of a single enterprise to another branch, division or section of the same or any other enterprise owned or controlled by the same person.

(e) *Reports.* Reports shall be made by Producers at such times, on such forms and with respect to such matters as shall be prescribed by the Chemicals Branch of the Office of Production Management. In addition, persons who order or receive Polyvinyl Chloride from a Producer shall furnish to the Chemicals Branch of the Office of Production Management information with respect to requirements and use of such material at such times and on such forms as the said Chemicals Branch shall prescribe. All persons shall furnish such other and further information as the Chemicals Branch may deem necessary for the orderly and effective operation of this Order.

(f) *Notification of customers.* Producers shall, as soon as practicable, notify each of their regular customers of the requirements of this Order, but the failure to give such notice shall not excuse any person from the obligation of complying with the terms of this Order.

(g) *Violations or false statements.* Any person who violates this Order, or who wilfully falsifies any records which he is required to keep by the terms of this Order, or by the Director of Priorities, or otherwise wilfully furnishes false information to the Director of Priorities or to the Office of Production Management may be deprived of priorities assistance or may be prohibited by the Director of Priorities from obtaining further deliveries of materials subject to allocation. The Director of Priorities may also take any other action deemed appropriate, including the making of a recommendation for prosecution under section 35 (A) of the Criminal Code (18 U.S.C. 80).

(h) *Effective date.* This Order shall take effect immediately and shall continue in effect until revoked by the Director of Priorities. (P.D. Reg. 1, Aug 27, 1941, 6 F.R. 4489; O.P.M. Reg. 3 Amended, Sept. 2, 1941, 6 F.R. 4865; E.O. 8629, Jan. 7, 1941, 6 F.R. 191; E.O. 8875, Aug. 28, 1941, 6 F.R. 4483; sec. 2 (a), Public No. 671, 76th Cong., Third Session, as amended by Public No. 89, 77th Cong., First Session; sec. 9, Public No. 783, 76th Cong., Third Session)

Issued this 31st day of December 1941.

PART 938—SYNTHETIC RUBBER

Amendment No. 1 to General Preference Order No. M-13 to Direct the Use and Distribution of Synthetic Rubber

Section 938.1 (*General Preference Order No. M-13*) is hereby amended to read as follows:

Whereas, the national defense requirements have created a shortage of Synthetic Rubber, as hereinafter defined, for defense, for private account and for export, and it is necessary, in the public interest and to promote the defense of the United States, to conserve the supply and direct the distribution thereof:

Now, therefore, it is hereby ordered, That:

§ 938.1 *General Preference Order M-13*—(a) *Definitions.* For the purposes of this Order:

(1) "Synthetic Rubber" means all neoprenes; all butadiene types, such as the materials known by the trade names of Hycar, Perbunam, Chemigum, and Buna "S"; organic polysulphides known by the trade names of Thiokol; butyl rubber; poly iso butylene, such as the material known by the trade names of Vistanex and Synthetic "100"; and the material known by the trade name of Thiokol "RD."

(2) "Producer" means any person engaged in the production of Synthetic Rubber and includes any person who has Synthetic Rubber produced for him pursuant to toll agreement.

(b) *Applicability of Priorities Regulation No. 1.* This Order and all transactions affected thereby are subject to the provisions of Priorities Regulation No. 1, as amended from time to time, except to the extent that any provision hereof may be inconsistent therewith, in which case the provisions of this Order shall govern.

(c) *Restrictions on deliveries.* On and after January 1, 1942, no deliveries of Synthetic Rubber (not including poly iso butylene, such as the material known by the trade names of Vistanex and Synthetic "100," as to which the operative date shall be February 1, 1942) shall be made by any Producer, except as may be specifically directed by the Director of Priorities; and no person shall accept delivery of Synthetic Rubber made in violation of the foregoing clause. At the beginning of each calendar month the Director of Priorities will issue to all Producers specific directions covering deliveries of Synthetic Rubber which may be made by such Producers during such month. Such directions will be made primarily to insure the satisfaction of all defense requirements and to provide an adequate supply for essential civilian uses, and they may be made at the discretion of the Director of Priorities without regard to any preference rating assigned to particular contracts or orders.

(d) *Intra-company transactions.* The prohibitions or restrictions contained in this Order with respect to deliveries shall, in the absence of a contrary direction, apply not only to deliveries to other persons, including affiliates and subsidiaries, but also to deliveries from one branch, division or section of a single enterprise to another branch, division or section of the same or any other enterprise owned or controlled by the same person.

(e) *Reports.* Reports shall be made by Producers at such times, on such forms and with respect to such matters as shall be prescribed by the Chemicals Branch of the Office of Production Management. In addition, persons who order or receive Synthetic Rubber from a Producer shall furnish to the Chemicals Branch of the Office of Production Management information with respect to requirements and use of such material at such times and on such forms as the said Chemicals Branch shall prescribe. All persons shall furnish such other and further information as the Chemicals Branch may deem necessary for the orderly and effective operation of this Order.

(f) *Notification of customers.* Producers shall, as soon as practicable, notify each of their regular customers of the requirements of this Order, but the failure to give such notice shall not excuse any person from the obligation of complying with the terms of this Order.

(g) *Violations or false statements.* Any person who violates this Order, or who wilfully falsifies any records which he is required to keep by the terms of this Order, or by the Director of Priorities, or otherwise wilfully furnishes false information to the Director of Priorities or to the Office of Production Management may be deprived of priorities assistance or may be prohibited by the Director of Priorities from obtaining further deliveries of materials subject to allocation. The Director of Priorities may also take any other action deemed appropriate, including the making of a recommendation for prosecution under section 35 (A) of the Criminal Code (18 U.S.C. 80).

(h) *Effective date.* This Order shall take effect immediately and shall continue in effect until revoked by the Director of Priorities. (P.D. Reg. 1, Aug. 27, 1941, 6 F.R. 4489; O.P.M. PART 1032—DIRECT-CONSUMPTION SUGAR

Interpretation No. 1 of General Preference Order No. M-55[1]

The following official interpretation is hereby issued by the Director of Priorities with respect to the question of when direct-consumption sugar is under the control of a Receiver within the meaning of General Preference Order No. M-55.

A large variety of situations are conceivable where sugar not in a Receiver's actual possession would nevertheless be under his control. In any case, however, sugar shall be deemed to be in his possession or under his control if delivered to him and not redelivered by him, and for such purposes the following definition of delivery adapted from the "Definition of Marketing under the Sugar Act of 1937" (Misc. 10) issued on October 9, 1940, by the United States Department of Agriculture, Agricultural Adjustment Administration, Sugar Division, Washington, D. C. shall govern:

Any of the following shall be deemed to constitute delivery:

(a) Actual delivery by the Primary Distributor or his agent:

(1) Actual delivery of the sugar to the Receiver; or

(2) Actual delivery of the sugar to a common carrier for transportation to the Receiver, whether or not such transportation involves subsequent transshipment by means of another such carrier.

(b) Constructive delivery by the Primary Distributor or his agent:

(1) Delivery to the Receiver of a negotiable or non-negotiable warehouse receipt, or custodian's storage receipt, representing the sugar; or

(2) Acknowledgment that the sugar is held for and on behalf of the Receiver.

(c) Actual delivery by the warehouseman or the custodian:

(1) Actual delivery of the sugar to the Receiver; or

(2) Actual delivery of the sugar to a common carrier for transportation to the Receiver whether or not such transportation involves subsequent transshipment by means of another such carrier.

(d) Constructive delivery by the warehouseman or the custodian;

(1) Issuance to the Receiver of a negotiable or non-negotiable warehouse receipt, or a custodian's receipt, representing the sugar; or

(2) Other acknowledgment that the sugar is held for and on behalf of the Receiver.

Issued this 31st day of December 1941.

J. S. KNOWLSON,
Acting Director of Priorities.

PART 1032—DIRECT-CONSUMPTION SUGAR

Amendment No. 2 to General Preference Order No. M-55[1] To Conserve the Supply and Direct the Distribution of Direct-Consumption Sugar

(a) Section 1032.1 (*General Preference Order M-55*) is hereby amended as follows:

(1) Paragraph (c) of said section is hereby amended by adding thereto paragraph (c) (7) reading as follows:

§ 1032.1 *General Preference Order M-55.*

* * * * * *

(c) *Restrictions upon receivers.*

* * * * * *

(7) Notwithstanding the limitations of Paragraph (c) (1) of this Order, a Receiver who was not in business two years before the date of any contemplated delivery, and who was in business during the whole of the months of September, October, and November, 1941, may in any one month in 1942 accept delivery of a quantity of direct-consumption sugar equal to 85% of the average of his monthly use or resales in such months of 1941; or, if he was not in business during the whole of such months of 1941, he may in any one month in 1942 accept delivery of a quantity of direct-consumption sugar equal to 85% of the aver-

Whereas by Executive Order No. 8734 of April 11, 1941 the Office of Price Administration has been created and charged with certain authority and duties with regard to consumer protection, price control, and the prevention of price spiraling, and

Whereas by Supplementary Order No. M-15-c of the Office of Production Management approved by the President and issued on December 27, 1941, and by Rationing Regulation No. 1 issued thereunder, the Office of Production Management has expressly vested in the Office of Price Administration powers and duties with respect to transactions in new rubber tires, casings and tubes,

Now, therefore, by virtue of the authority vested in me by the aforesaid orders and statutes,

It is hereby ordered, That:

Definitions

§ 1315.151 *Definitions.* For the purpose of these regulations—

(a) "Board" means a Local Tire Rationing Board.

(b) "Dealer" means any person selling new rubber tires or tubes from a retail store, outlet, or premises as defined in paragraph (j) of this section.

(c) "State defense council" means any person or body established pursuant to a State statute or State executive order to organize, administer, and direct State defense efforts over a State-wide area.

(d) "Local defense council" means any person or body established pursuant to a State statute or State executive order to organize, administer, and direct State defense efforts within any part of a State or within any political subdivision thereof.

(e) "Mail-order house" means any business establishment which, prior to the issuance of these regulations, conducted a substantial part of its business by soliciting and filling mail orders based on a catalogue issued at regular intervals.

(f) "New" as applied to tires and tubes means a tire or tube that has been used less than 1,000 miles.

(g) "Person" means any individual, partnership, corporation, association, Government, Government agency or subdivision, or other form of enterprise.

(h) "Purchase" means purchase, lease, trade, borrow or accept delivery, shipment or transfer by gift or otherwise.

(i) "Purchaser" means a person making a purchase as defined herein.

(j) "Retail store, outlet or premises" means a store, outlet, or premises from which the transfers of new tires and tubes are made predominantly (at least 51 percentum) direct to consumers.

(k) "Rubber" means compounded liquid latex which on December 11, 1941, had not been processed or mixed in such manner that further processing is necessary to prevent early spoilage, and all forms and types of crude rubber and liquid latex in crude form, and all forms of reclaimed rubber and scrap rubber as well, but does not include balata, gutta percha, gutta sisk, gutta jelutong, and pontianac.

(l) "Supplier" means any manufacturer, wholesaler, distributor or other person not exclusively engaged in selling tires to consumers, who supplies tires to himself or any dealer, as herein defined, for sale to consumers.

(m) "Tire" means any solid rubber tire or, as applied to a pneumatic rubber tire, any casing, capable of being used on any automobile, truck, bus, motorcycle, or farm implement.

(n) "Truck" means any vehicle designed primarily to carry freight, including raw materials, semifinished goods and finished products, including farm products and foods.

(o) "Tube" means any rubber tube capable of being used within a tire casing on any automobile, truck, bus, motorcycle, or farm implement.*

* *§§ 1315.151 to 1315.904, inclusive, issued under the authority contained in sec. 2 (a), Public No. 671, 76th Cong., 3d Sess., as amended by Public No. 89, 77th Cong., 1st sess., sec. 9, Public No. 783, 76th Cong., 3d sess., E.O. 8629, 8734, 8875, Supp. Order M-15-c, Rationing Reg. No. 1, 6 F.R. 191, 1917, 4483, 6792, 6795.

Organization

§ 1315.201 *Personnel.* The tire rationing program established in these regulations by the Office of Price Administration, pursuant to the delegation of power from the Office of Production Management in Supplementary Order No. M-15-c, will be administered by Local Tire Rationing Boards, Local Tire Rationing Administrators, and State Tire Rationing Administrators, all of whom shall be federal employees, serving without compensation, subject to the supervision and control of the Office of Price Administration.*

§ 1315.202 *Eligibility.* Members of Boards, Local Tire Rationing Administrators, and State Tire Rationing Administrators must be eligible to serve as federal employees, without compensation, under state and federal laws.*

§ 1315.203 *Appointment.* Members of boards and Local Tire Rationing Administrators shall be selected by the Local Defense Councils in the areas in which they are to serve and shall be appointed by the Office of Price Administration. State Rationing Administrators shall be selected by the State Defense Councils in the states in which they are to serve and shall be appointed by the Office of Price Administration. Any appointment subject to provisions of these regulations may be terminated at any time by the Office of Price Administration.*

§ 1315.204 *Duties.* The persons appointed to administer the tire rationing program shall have such duties and responsibilities as the Office of Price Administration may from time to time direct.*

§ 1315.205 *Jurisdiction of boards.* Each Board shall have jurisdiction over all vehicles garaged or normally stationed in the area which it has been designated to serve: *Provided, however,* That in certain instances it may act with respect to vehicles normally located outside its jurisdiction subject to the provisions of § 1315.501 (c).*

Tire and Tube Quotas

§ 1315.301 *Prohibition.* (a) The Office of Price Administration shall fix quotas stating the maximum number of new tires and tubes for whose purchase certificates may be issued by boards during a single calendar month. No board shall issue a certificate for the purchase of a new tire or tube in excess of its quota.

(b) Boards may issue certificates for the purchase of obsolete type new tires or tubes, as defined in § 1315.501 (b) without regard to their quotas.*

§ 1315.302 *Monthly quotas to be set by the Office of Price Administration.* (a) The Office of Price Administration will set monthly quotas in terms of passenger car tires, truck and bus tires, and tubes for all classes of eligible vehicles.

(b) The quotas will be specified for each county in a state upon the basis of the registration of commercial vehicles, with appropriate adjustments for such other factors as the Office of Price Administration shall deem necessary.

(c) The quota for each State shall constitute the sum of the quotas allotted to each county within the State.

(d) Ten percentum of the quota for each State shall be withheld by the Office of Price Administration. Of this amount, two per centum of the State quota will be placed in a pool to be administered by the Office of Price Administration for the making of such adjustments as it may deem necessary, as provided in § 1315.309. The remaining eight per centum of the quota for each State shall constitute a pool to be administered by the State Tire Rationing Administrator of such State for the purpose of making necessary adjustments of quotas for counties within the State, as provided in § 1315.308.*

§ 1315.303 *Quotas expire at end of month.* (a) The quotas announced by the Office of Price Administration shall be valid only for the month for which they are set. An unused portion of a monthly quota shall not be carried over into the succeeding month.*

§ 1315.304 *Announcement of quotas.* (a) The Office of Price Administration will announce the quotas for the month of January 1942 prior to January 5, 1942.

(b) Thereafter, the Office of Price Administration will announce the quotas for each ensuing month on the 20th day of the preceding month.*

§ 1315.305 *Allotment of quotas to Board.* (a) The Office of Price Administration will forward to each State Tire Rationing Administrator the monthly quotas for each county within his State, after deducting the ten per centum as provided in § 1315.302 (d).

(b) The State Tire Rationing Administrator shall then forward to each Board its monthly quota, in accordance with the quotas for each county as announced by the Office of Price Administration. If there are two or more boards established within a single county, the State Tire Rationing Administrator shall forward to the Local Tire Rationing Administrator, if one has been appointed, the county quota to allot among the different boards within the county. If no Local Tire Rationing Administrator has been appointed, the State Tire Rationing Administrator shall himself allot the quota among the different boards within the county.*

§ 1315.306 *Boards to remain within quotas.* (a) No Board shall issue a certificate for the purchase of a new tire or a tube in excess of its quota as provided in § 1315.305 (b), or in paragraph (b) of this section.

(b) No Board shall issue a certificate for the purchase of a new tire or a tube in excess of the following limitations:

(1) 25 percent of its monthly quota by the end of the seventh day of the month;

(2) An additional 25 percent (cumulatively 50 percent) by the end of the fourteenth day of the month;

(3) An additional 25 percent (cumulatively 75 percent) by the end of the twenty-first day of the month; and

(4) An additional 25 percent (cumulatively 100 percent) by the end of the last day of the month.*

[1] Information concerning Forms R-1, R-2, and R-3, which were filed as part of the original document, may be obtained by addressing the Office of Price Administration.

§ 1315.307 *Adjustment of quotas to cover special situations.* (a) When a Board having secured proper authorization pursuant to the provisions of § 1315.501 (c) issues a certificate for the purchase of a new tire or tube for a vehicle normally located outside its jurisdiction it shall immediately notify its State Tire Rationing Administrator and the Board normally having jurisdiction over a vehicle of this fact.

(b) The State Tire Rationing Administrator shall immediately augment the Board's quota to the extent of the number of new tires and tubes which the Board authorized the applicant to purchase. If the Board normally having jurisdiction over the vehicle is situated within another State, he shall notify the State Tire Rationing Administrator of that State of these facts.

(c) Upon receiving notice pursuant to paragraph (a) of this section, the Board normally having jurisdiction over the vehicle shall immediately deduct from its quota the number of new tires and tubes which the applicant was authorized to purchase and shall notify its State Tire Rationing Administrator of its action.

(d) The State Tire Rationing Administrator or Administrators shall then make appropriate adjustments of their records.*

§ 1315.308 *Adjustment of county quotas by the State Tire Rationing Administrator.* (a) Where, in the opinion of the State Tire Rationing Administrator, and upon verification by the Boards affected, the quota assigned to any county appears to be excessive or inadequate, he shall make application to the Office of Price Administration for adjustment, stating the full facts of the case. Adjustment shall be made by the State Tire Rationing Administrator in such cases only with the express approval of the Office of Price Administration.

(b) Where a Board believes that because of sudden and immediate emergency the public interest requires that it issue a certificate for the purchase of a new tire or a tube in excess of its partial quota as provided in § 1315.306 (b), but within its overall monthly quota, the Board may make immediate application to the State Tire Rationing Administrator for permission to issue the certificate, setting forth the full facts of the case. The State Tire Rationing Administrator may designate the specific number of new tires or tubes for which such certificate may be issued, but in no case shall any "blanket" authority to exceed such partial quota be granted. This designation shall not increase the monthly quota of the Board.

(c) Where a Board believes that the public interest requires that it issue a certificate for the purchase of a new tire or tube in excess of its over-all monthly quota, the Board may make application to the State Tire Rationing Administrator for authority to issue such certificate, setting forth the full facts of the case. The State Tire Rationing Administrator at his discretion may draw upon the pool provided for by § 1315.302 (d) to augment the quota of such Board for the month involved to the extent necessary to the granting of such certificate. In no case shall the State Tire Rationing Administrator grant blanket authority to exceed a monthly quota, and in no event shall he authorize the granting of a certificate for the purchase of new tires or tubes in excess of the quota held in the pool under his control.

(d) The State Tire Rationing Administrator shall in no case issue certificates himself but the reserve in the pool assigned to him must in every case be assigned to a Board which will issue the certificates.*

§ 1315.309 *Adjustment of State quotas by the Office of Price Administration.* (a) The Office of Price Administration may draw upon the pool provided for in § 1315.302 (d) to adjust the quotas within the different States as it may determine. Each State Tire Rationing Administrator may apply for an allotment from the pool held by the Office of Price Administration to replenish the pool held under his control. Each such application shall be accompanied by a statement setting forth in full the facts giving rise to such application.*

§ 1315.310 *Records.* (a) The State Tire Rationing Administrators, the Local Tire Rationing Administrators and the Boards shall maintain such records in such form as may be required by the Office of Price Administration with respect to the allotment and disposition of quotas.*

Eligibility to Purchase or Transfer New Tires or Tubes

§ 1315.401 *Permitted and prohibited transfers*—(a) *Prohibitions.* Except as provided in paragraphs (b) and (c) of this section, no person shall sell, lease, trade, lend, deliver, ship or transfer new tires or tubes, and no person shall accept any such sale, lease, trade, loan, deliver, shipment or transfer of any such new rubber tires or tubes. The word transfer includes any form of physical transfer, including gifts.

(1) The prohibition in this paragraph (a) applies both to sales and to deliveries. Except as provided by paragraphs (b) and (c), it is unlawful to deliver new tires or tubes to a person even though such person has completed and paid for the purchase or agreement for transfer of new tires or tubes from the person of whom delivery is requested.

(2) The prohibition in this paragraph (a) applies not only to the transfer of tires or tubes from one person to another, but also to the delivery by any person from a factory, warehouse, or other premises to a retail store, outlet or premises whether or not owned, operated or controlled by such person.

(3) Authorizations to manufacturers and distributors to make deliveries prohibited by this section from factories and warehouses to retail stores, outlets and premises may hereafter be granted by the Office of Price Administration. The purpose of such authorization, when granted, will be to enable dealers to replenish inventories of new tires or tubes. In order to accomplish that purpose, permitted shipments to dealers will be based upon certificates and receipts issued pursuant to §§ 1315.601 to 1315.607, inclusive, and to paragraph (c) of this section of these regulations. Such certificates and receipts shall be transmitted by dealers in accordance with instructions which will hereafter be issued by the Office of Price Administration.
